Upland School Budget Hearing Set For Aug. 6

Residents in Upland will have their chance to voice their approval or disapproval on the \$3,804,109 budget proposed for the 1968-69 school year by the Upland Unified School District Board of Trustees at a public hearing scheduled for 7:30 p.m., August 6 to be held in the Board room at 904 W. Ninth.

The tentative adopted figure represents a \$270,697 boost over last year's budget with the greatest percentage of increase in salaries. Finance Superintendent Ernest Kirkland said that the increase in the salary category was necessary due to the addition of staff personnel caused by district growth and to keep competitive with other districts by providing the best salaries possible for top flight teachers. Certificated employees will receive a 5 1/2% increase in scale while classified personnel have had their salaries boosted 5%.

Kirkland indicated that the effect on the budget is the opening of the renovated Upland Junior High School. This represents an increase in the number of programs and facilities which will be offered to the junior high students deprived of that advantage last year when 11 schools operated on only 10 campuses, he

added. By opening the new facility we will be faced with expenses in utilities, overhead, and staffing, which we didn't have last year.

One area which will help the district meet its expenses is the increase in assessed property valuation. However, in proportion the general purpose tax will stay the same at \$1.85 per \$100 of assessed valuation set by the voters--\$695,000 has been earmarked as income from the general purpose tax.

The budget is tentative right now because the district has not received word on the allocation of funds by the state to take care of certain expenses for the coming year. "We hope the legislature adjourns before our August 6 public hearing so we can present a completed and correct budget to the voters," the superintendent stated.

Kirkland remarked that the formulas arrived at in figuring out how much to expect from the state are the same as last year's.

TOTAL WRECK -- This 1965 Oldsmobile was declared a total wreck Friday after it collided with a freight train at the intersection of Mountain Avenue and the Santa Fe Railroad tracks. The driver, Patricia C. Yetter, 255 Harford, Upland, escaped injury by jumping from the vehicle before it was hit. According to Miss Yetter, the vehicle became trapped between the two railroad crossing guards as the train approached -- prohibiting her from proceeding across the tracks, or backing up. The accident occurred at 10:10 a.m.

Let Contract To Improve Dangerous Red Hill Curve

The section of Foothill Blvd. 0.5 miles east of Upland commonly referred to as "Red Hill Curve," scene of many traffic accidents, is scheduled for safety improvements in the immediate future.

The State Department of Public Works, Sacramento, announced that a contract for \$30,741.65 has been awarded the E.L. Yeager Construction Co., Inc. of Riverside to increase the banking of the .3 mile stretch near Baker Avenue. The project will include applying anti-skid treatment to the pavement, and installation of metal beam guard railings on the outside of the curve.

"With the increased emphasis on safety by the Division of Highways state-wide, this area was

studied and favorably evaluated for attention," said a spokesman from Traffic Engineer Richard Lowry's office in San Bernardino today.

Bids for the contract were opened July 7 in Los Angeles, and a survey by the department was completed prior to acceptance of the Riverside firm's bid.

According to a representative of the Yeager Construction Co., 6 weeks (30 working days) have been allowed for the project. August 12 has been tentatively set as a starting date.

Traffic will be maintained in both directions throughout the construction.

Council Meets Monday Nite

Cordial invitations to attend the next scheduled meeting of Upland's City Council were mailed to five local families Monday. The names were chosen at random from the voters registration list and checked with the water department to insure that the invited VIC's were current residents.

Mayor George Gibson, has requested that attending families present their written invitations, so that they might receive recognition from the council. Residents will not be asked to speak, unless they themselves care to remark before the council and it is not necessary for invited guests to remain until the close of the session.

The council will meet Monday, August 5 at 7 p.m. in the council chambers at City Hall. The usual Tuesday meeting nights were recently changed to Monday, to accommodate coverage by the Upland News.

Deadline For Fido's Dog License

The Humane Society of Chaffey Community, Inc. will be conducting a house to house survey to determine the number of unlicensed dogs in the Ontario, Chino and Montclair areas.

The deadline for obtaining licenses without penalty is July 31, 1968, this applies to all three cities, Ontario, Chino, and Montclair. All dog owners not having the proper credential for their dogs will be cited for failure to get a license in order to comply with the City Ordinance. This means that a dog owner will have to pay for cost of license plus penalty, and a possible court fine.

Regular fees are \$3.00 for males and spayed females, \$5.00 for unspayed females. All penalty charges are in addition to the regular fees. Starting August 1, 1968 a \$2.00 penalty will be assessed to all applicants from Ontario. In Chino and Montclair the penalty will be 50 per cent of the regular fee.

To obtain a dog license, the owner must furnish proof that the animal has had a rabies inoculation effective at least until January 1, 1969. If obtaining a license for a spayed female, owner must bring proof of spayed. The Humane Society is located at 1010 E. Mission Blvd., in Ontario. For further information call 984-2427 or 629-0716.

IT LOOKS LIKE CHRISTMAS, AND IT SPREADS CHEER. -- Upland Parcel Post window clerk Julie Randall processed 300 parcels to Viet Nam servicemen last week, an effort by Operation Cheer, volunteer group of westenders who regularly send letters, cards and gifts from the homefront. Cheer workers helping out are David Potter, Mrs. Dorothy Fitzgerald and Mrs. David Potter. Mrs. Fitzgerald's son Stanley a Navy engineman in fire control, has been in Viet Nam since December 1.

EXHIBITS AT THE MUSEUM -- Receive the attention of Mrs. Kenneth Powell, left seen demonstrating an ancient flute and Mrs. Beatrice Riggs, museum director, shown at the right with an artistic Indian drum. The Chaffey Community Cultural Center on W. 18th St., Upland, presently has an outstanding display of authentic Indian artifacts.

Miss Anne Britton Donates \$1,000 To Local Museum

A \$1000 gift made by Miss Anne Britton of Ontario has put a new roof over the head of the Chaffey Community Cultural Center Museum in Upland. According to Mrs. Beatrice Riggs, director, the gift also financed new steps from the parking lot to the sidewalks.

Beautification projects to the building, located on 18th Street, include tree plantings, a gift of the Upland Kiwanis Club. The trees are being cared for by boy scouts earning their civic patches.

Inside, Mrs. Kenneth Powell

has arranged a new display of glasses from early to modern days, illustrating various designs. Additions have been made to the Indian Collection, and day-to-day acquisitions from area homes, including the Albers Ranch in Alta Loma, are finding their way in the museum's store of historic items.

The Upland Kiwanis Club and the Upland Poothill Breakfast Lions have held gatherings there, and 130 Upland High School history class students recently toured the building, reports Mrs. Riggs.

Operation Cheer Runs Into Mailing Problem

"Operation Cheer," the volunteer Westend Community group devoted to sending packages and greetings to Viet Nam servicemen, has a problem, according to Charlene Bement, president.

Last week, the mailing of 300 gift cartons, weighing 4 pounds each required a cash outlay of \$196.70 for postage, making a total expenditure of more than \$2000 paid to the Post Office since the group started its project. "Cheer" has set itself a goal of sending parcels every two months, and the postage bill puts a big dent in the treasury.

Mrs. Bement said that efforts to have the packages delivered by military transport have been unsuccessful.

Consequently, part of the funds

raised through membership dues, sales of baked goods, candy and rummage, and voluntary contributions, are diverted for delivery costs.

A drive to aid the treasury will take the form of a celebrity meeting scheduled for Monday August 19 at 7:30 p.m. at a location to be announced later.

Television personality Ed Nelson will be present, along with city and county officials who will recognize "Cheer's" achievements. Attendance will be limited to paid-up members who bring their cards, and to new members willing to contribute a \$1 card fee for the privilege of meeting the special guests.

The market's operators have donated space for meetings, displays and fund-raising events, and recently contributed a percentage of register tape totals to the treasury.

"What we also need," remarked Joan Sanderson, publicity chairman, "is more volunteers to help assemble and wrap the packages."

Anyone interested in having a serviceman added to the list may submit his name, mailing address and birthdate to Operation Cheer, 1383 East Poothill Blvd., Upland.

Graham To Sgt.

UPLAND -- Lyle Graham, 35, a member of the Upland Police Department since 1963, has been promoted to the rank of sergeant.

The selection was based on a written examination and oral interview. Police Chief John Wessely announced the promotion, which became effective July 1.

Graham worked as a patrolman before he was assigned to the detective bureau in March of 1967.

He is married and has four children. Graham worked at General Dynamics before joining the police force.

Refuse Taco Lita Request

The Upland Planning Commission last week denied a conditional use permit for a Taco Lita restaurant between the Beloud law offices and the McDonald Drive-In on the south-easterly corner of Foothill and Euclid Avenue.

This action followed the previous week's emergency ordinance approved by the City Council which prohibits drive-in and family type restaurants from locating in C-4 or commercial zones without special permission from the council.

The City Council took the emergency action to give both bodies a chance to review and determine in specific terms what the difference is between a drive-in and a family type restaurant.

The Taco Lita is proposed by Jack A. Jones and Howard E. Unruh Jr. of Pomona, who contend that their establishment is not a drive-in where car-hop services are provided or a self-service facility which allows the customer to eat in the car but a family type restaurant where patrons can consume their food inside the building.

Under former City rulings family type restaurants to be constructed in a commercial zone did not require a CUP while proposed drive-in facilities in the same zone did.

Planners have set a public hearing for Aug. 22 at 7:30 p.m. in the Council Chambers to clarify the definition of a family type restaurant and drive-in

Nab Nine In Robbery Burglarly Cases Here

A service station attendant was robbed in Upland of \$62 Sunday night and Fontana police arrested seven suspects an hour later.

John Douglas Pettigrew, 20, employed at Newman's Chevron Station at 1980 W. Foothill Blvd. was the victim.

He said a car pulled into the station about 9:30 p.m. and the driver bought some gasoline. When Pettigrew started to collect the money, a passenger in the back seat pointed a gun at him and said: "We are going to take all your money," the attendant reported.

Pettigrew said the men took him into the office and removed \$12 from his wallet, then got \$50 from the cash box and left.

The attendant got the car license number, which he gave to police.

They are: Geneva Richardson, 19, Doloras Ann Peete, 19, James C. Burnside, 19, Tracie Colliery, 18, Joe Caves Thornton, 21, and

Tommy C. Burnside, 18 all of San Bernardino, and Edward Morris, 19, of Ontario.

Two 17-year-old boys accused of breaking into two Upland homes last weekend and stealing cash, jewelry and coin collections were arrested Sunday night in San Diego.

The youths, both from Richmond, were returned here and booked at the West End sheriff's jail for investigation of burglary. All the stolen items have been recovered, officers said.

The youths are accused of breaking into the home of Alline McNeil at 2481 Euclid Ave. Saturday night and taking a coin collection, watch and jewelry and the home of James Vanderploeg at 2445 N. Euclid Ave. Sunday morning and taking jewelry, coins and \$400 in cash.

A traffic officer stopped the youths in San Diego and became suspicious when he saw the property in their car, said Sheriff's Detective Larry Bradley.

Hamilton-Rietkerk Candlelight Nuptials Celebrated Saturday

Upland First Church of the Nazarene was the July 27 setting for the marriage of Miss Joanna Lee Rietkerk, daughter of Mr. and Mrs. Ray Rietkerk of 269 E. 21st St., Upland, to Mr. Roy Hamilton, son of Mrs. and Mrs. John Hamilton of 3663 Paseo Barbara, Palm Springs.

The Rev. Bill Burch, pastor, officiated at the 8 p.m., candlelight double ring nuptials, attended by 300 guests.

The bride was given in marriage by her father. She wore a bridal gown of Chantilly lace, fashioned with an oval neckline, dropped waistline and chapel train. Sequins and pearls outlined the neckline and bodice of her gown. Her waist length illusion four tiered veil fell from a petal headpiece of lace and pearls and she carried a cascade bouquet of white orchids, Amazon lilies, and Leather fern sprinkled with white satin ribbon.

Mrs. Michael Hornstein of Ontario was matron of honor and the bride's sister, Miss Helen Rietkerk of Upland, was maid of honor. Bridesmaids were Miss Jean Rietkerk, sister of the bride, of Upland, Miss Carol Halvorsen of Ontario, and Mrs. Robert Nelson, cousin of the bride, of San Diego. Miss Kelly Shobe of Upland was flower girl.

All the attendants wore lime green, A-line floor length dresses trimmed in lace and featuring puffed sleeves. They wore wide brimmed horsehair lime green hats trimmed with daisies and carried cascade bouquets of white daisy mums, babies' breath and orchids with chartreuse satin ribbon. The matron of honor's bouquet contained stephanotis and daisy mums, with babies' breath and orchids.

Mr. Michael Hornstein of Ontario was best man and the bridegroom's brothers, Mr. John Hamilton of Palm Springs, Mr. Fred Hamilton of Palm

Mr. and Mrs. Roy Hamilton

Spring; the bride's brother, Mr. Jim Rietkerk of Upland; and Mr. Jim Carey of Long Beach, ushered. Keith Giacchino of Upland was ring bearer.

Miss Carolyn Rietkerk, sister of the bride, was in charge of the guest book at the Thompson Hall Reception and the private party which followed at the home of the bride's parents.

The bridal couple left on a wedding trip up the coast to San Francisco. The bridegroom is to enter the service in August, and plans for a residence are not definite. The new Mrs. Hamilton

is a 1965 graduate of Upland High School and a 1968 graduate of Chaffey College, where she was awarded a degree in nursing. She is presently employed as a graduate nurse at San Antonio Community Hospital.

Mr. Hamilton of Long Beach, is a graduate of Palm Springs High, class of 1965 and the College of the Desert, class of 1967. He is presently majoring in architecture at Long Beach State College and is planning to become a college instructor in industrial arts. He is employed as an architectural draftsman in Long Beach.

Dozier-Bradford Wedding At First Presbyterian

Marilyn Bradford of Upland became the bride of Donald Dozier Jr. in a July evening ceremony at the First Presbyterian Church in Upland.

The Rev. C. Richard Mitchell performed the rite which united the daughter of Mr. and Mrs. Dean Bradford of 2304 Orange Drive, Upland, and the son of Mr. and Mrs. Donald Dozier Sr. of 8764 Laurel, Fontana.

Given in marriage by her father, the bride wore a gown of lace fashioned with long sleeves and a cathedral train.

A cluster of flowers held her elbow-length three-tiered veil, and she carried a cascade of orchids and stephanotis.

Mr. Fred Powers of Inglewood was matron of honor. Bridesmaids were Karen Bracken of Upland, Sharon Dozier of Fontana and Mrs. Jack Long of Ontario. Sherri Lawson of Ontario was flower girl.

Earl Powell of Riverside was best man. Seating the 150 guests were Allen Relserson, Terry Sole and Gregg Sharp, all of Fontana.

Following a reception in Hart Fellowship Hall at the church, the newlyweds left for a honeymoon in San Francisco.

They are making their first home at 278 Stillman, Apt. C, Upland.

The new Mrs. Dozier is attending Chaffey College, Alta Loma, and her husband is employed by the Market Basket in the Ontario Plaza.

Miss Wendy Peck Engaged To Upland Serviceman

Mr. and Mrs. William Peck of 9780 Lindero, Montclair, have announced the engagement of their daughter Wendy Peck to Sgt. Don Powell, son of Mr. and Mrs. Leamon Powell, 108 S. Loma Place, Upland.

The wedding is planned for Dec. 28.

Miss Peck is a 1967 graduate of Montclair High School where she took college preparatory courses and belonged to the Letterman's Club. He studied police science at Chaffey College before entering the service.

Chaffey College, Alta Loma, having taken dental assisting courses.

Powell is an Elite Guard at the Strategic Air Command Headquarters at Offutt Air Force Base in Nebraska. He has been in the Air Force two years.

He is a 1965 graduate of Montclair High School where he took college preparatory courses and belonged to the Letterman's Club. He studied police science at Chaffey College before entering the service.

Mr. and Mrs. Robert Eckhardt

Standlee-Eckhardt Nuptials Exchanged

Rev. William Barry, pastor of Our Lady of Assumption Church in Claremont and Rev. John Harrison, pastor of St. Marks Episcopal Church of Upland officiated at the 10 a.m., July 13, nuptial mass uniting Norma Jean Standlee, daughter of Mr. and Mrs. Leslie Standlee of 877 Sharon Way, Upland, and Robert Henry Eckhardt, son of Mr. Robert Eckhardt of Dayton, Washington and Mrs. George Bush of 383 Bixby Way, Upland.

The bride who was given in marriage by her father wore a white nylon organza over taffeta floor length gown, daisy trim at empire line, elbow length sleeves with a bow in the back at the top of tiers of ruffles. Her headdress was composed of a band of daisies holding ashoulder length veil, with flowers of white and yellow cascade of daisy poms

with Queen Anne lace. Maid of Honor for the wedding was Miss Paige Rasmussen of Upland.

The bridegroom's best man was Charles Myers of Upland. Ushers were Mike Eckhardt, brother of the groom; Mike Cox and Rick Adams, both of Upland; and Bill Nare of Pomona.

The bride is a 1965 graduate of Upland High School, attended Chaffey College and Foothill College, and will attend Sacramento State in the fall, majoring in English.

The bridegroom is also a 1965 graduate of Upland High, and will enter his senior year at Sacramento State in the fall (political science major).

After a four day honeymoon in Newport Beach the couple returned to Cucamonga where they will continue their residence until September moving to Sacramento at that time.

Upland Couple United In Evening Nuptials

Gloria Randel Howell and Donald D. Ivey, both of Upland, were married Friday in an evening ceremony at the home of her parents, Mr. and Mrs. W.A. Randel, 1353 Toledo Way, Upland.

The Rev. A.F. Hayes of the Nazarene Church of Modesto performed the rite before 21 guests. A reception followed the ceremony.

Given in marriage by her father, the bride wore a dress of pink Italian silk with a duster-style coat. She wore a corsage of pink and white variegated carnations.

Mrs. Ben R. Whitehead of Pomona and Jerry Lenherth of Ontario attended the couple.

Following a honeymoon to Newport Beach and El Paso, Tex., the couple will make a home at 1643 Lakewood Ave., Upland.

The new Mrs. Ivey attended Ontario schools and is employed by Graydon-Murphy Oldsmobile, Ontario.

The benedict, son of Mrs. F.G. Ivey of Yucaipa and the late Mr. Ivey, served in the Navy during World War II. He attended the University

of Wisconsin, Milwaukee, Wis., and San Bernardino Valley College. He is employed by the Daily Report in the classified department.

Scholarship For John Rose

John S. Rose, 7386 Via Paraiso, Cucamonga, is the winner of a scholarship awarded by the University of California, Berkeley campus.

Of the 3,300 requests for scholarships for the academic year 1966-69, only 950 were granted, representing only 15 percent of the undergraduates at Berkeley. The amount of such scholarships usually falls between \$200 and \$800.

Miss Betty Carol Weds Frank R. Pinkerton

The daughter of Mr. and Mrs. George H. Zimmer of 8381 Via Ladera, Cucamonga, was given in marriage by her father. She wore a lace gown fashioned with an Empire waistline, bell sleeves, Sabrina neckline and cathedral train.

of 8381 Via Ladera, Cucamonga, was given in marriage by her father. She wore a lace gown fashioned with an Empire waistline, bell sleeves, Sabrina neckline and cathedral train.

A floral headpiece trimmed with seed pearls held her shoulder-length veil, and she carried three butterfly orchids with stephanotis streamers on her mother's white Bible.

Carol Loy of Upland was the honor attendant with Penny Pratt of Whittier and Kaye Hill of Redlands as bridesmaids. Lori Sue King of South Gate was flower girl.

Gene Price of Costa Mesa was best man. Ushers were Robert Stewart of Redlands, Don Remley of Whittier, and William DeBritton and Robert DeBritton, both of Huntington Beach. Timothy Pitts of Lakewood was ring bearer.

The couple will make a home in Redlands. The bride will teach in the Yucaipa Elementary School, and the bridegroom will teach in the Yucaipa Intermediate School.

MISS PATRICIA ANN GAMALERI, daughter of Mr. and Mrs. John G. Boldi, 7415 Onyx St., Cucamonga, is shown being fitted for her new United Air Lines Malibu dress by a representative of the Fashionaire Division of Hart Schaffner & Marx Company in Chicago.

Miss Dahlin's Engagement Announced

The engagement of Miss Carol Dahlin to Donald Cremo of Ontario was announced July 10 by her parents, Mr. and Mrs. Ira Dahlin, 935 Golden Rain St., Upland.

No wedding date has been set as the bridegroom-elect leaves Aug. 1 for active duty in the

U.S. Navy. He has been serving in the Navy for two years and is stationed at Long Beach.

The future bride is a 1968 graduate of Upland High School, where she majored in business and was a member of the Girls' Athletic Association. She plans to take secretarial and business courses this fall at Chaffey College, Alta Loma. Her fiancé, son of Mr.

and Mrs. Ralph Cremo, 918 El Dorado Ave., Ontario, attended Chaffey College, Alta Loma, before enlisting in the service. He majored in aeronautics and was a member of the Aero Club and was the Inter-Club Council representative for the Flying Club.

Cremo is a 1966 graduate of Chaffey High School where he majored in science.

Constance Ashton To Assist Doctors

Constance Ashton, 12949 Whittram Ave., Etiwanda, is a student being trained to assist physicians at the Los Angeles College of Medical and Dental Assistants in San Bernardino.

The College is one of only 20 private vocational schools in the country ac-

credited by a U.S. government's Commissioner of Higher Education, and is authorized by the state superintendent of Public Instruction to issue diplomas in medical and dental assisting.

The French do not believe in hurried meals and a "quick lunch" takes about two hours.

It's a Woman's World

THE ROSE GARDENS--at Upland Memorial Park are in full bloom this week and residents are invited to view the flowers donated by the Upland Woman's Club. Woman's Club rose garden chairman, Mrs. Ralph Almquist, is seen enjoying the fragrance of one of her favorite blooms.

Assistance League Lists Chairmen For Coming Events

Dates and chairmen for Assistance League of Upland fund-raising events for the coming year were approved at the philanthropic organization's summer board meeting last week.

Mrs. Jack W. Pierce, president, entertained the board in her home at a buffet brunch prior to the business meeting.

Mrs. William E. Walk, Jr., ways and means chairman, announced the Patroness Tea will be given Oct. 30, with Mrs. J.T. Waller, chairman, and Mrs. Clifford Downing, co-chairman. Mrs. Vernon H. Murray and Mrs. Leonard G. Brotzman will serve as co-chairmen of the annual Mistletoe Ball, to be given Dec. 6. The spring fashion show also is being

planned, with Mrs. Donald E. White serving as luncheon chairman. Mrs. Maurice Johnson will serve as rummage sale chairman for the year.

Girls' Club, with Mrs. Eric Miller serving her second year as chairman, will have as its committee members: Mrs. Miller and her co-chairman, Mrs. Ernest Henderson; Mrs. Robert Jensen, Mrs. Clifford Downing, Mrs. Allen Palmer, Mrs. Daniel D. Mikesell and Mrs. William Walton. Mrs. Waller is telephone chairman.

Girls' Club advisory committee members include: Mrs. Jerene Appleby Harnish, Mrs. Pierce, Mrs. Joseph Powers, Mrs. Hugo Melillo, Mrs. John W. Mortensen and Mrs. Miller.

Mrs. James Van Antwerp will serve a second year as chairman of the San Antonio Community Hospital Dental Center, with Mrs. Wolfgang D. Koessler as her co-chairman. Mrs. George Vinnedge will be in charge of the oral hygiene program.

Serving with Mrs. Ivan Marburger, chairman, on the Assisten advisory committee will be Mrs. Charles T. Vath, co-chairman; Mrs. Carl J. Hase, Jr.; Mrs. Fred Dischinger, Mrs. Paul R. Gardner, Jr.; Mrs. Raymond W. Fischer and Mrs. Powers.

Other chairmen approved by the board to serve during the ensuing year include: Mrs. Walton, Boys' Club; Mrs. H. Logan Locke, yearbook;

NCL Bridge Section Guests At Luncheon

Members of the Foothill Chapter, National Charity League, Bridge Section were entertained recently at a delightful bridge luncheon by Mrs. J. Dewey Harnish. Mrs. Harnish, Honorary Patroness of Foothill Chapter, opened her summer residence at 1044 Polaris Drive, Newport Beach, for the social event. A profusion of summer flowers were used throughout the spacious rooms.

Prizes were awarded top scorers the Mmes: Roy E. Stricklin, Lynn W. Kloepper and Paul J. Bleiler.

A highlight of the afternoon was a cruise around the bay when guests were shown many points of interest.

Assisting the hostess during the luncheon hour were the Mmes: Floyd Plasman, Hugo Melillo and Donald Relserson.

Also, attending from the West End, were the Mmes: Howard E. Unrue, Jr., Donald McCormick, John Skewis, Henry M. Busch, Hugo Vavrinek, Robert G. Williamson, Edward J. Duffy, Wilfred M. MacSween, Frank J. Pendergast, George Yetter, Thomas T. Hinman, Gene Alair, Robert Webb, John Tomlinson, John Plasman, Donald Webber, Anthony Colombero, Henry H. Ogden, Nelson Gray, Robert McCutchen, Robert W. Hongola, William Plasman, Jr., John H. Hoval, George K. Janesick, and Leslie Kalil.

UPLAND FLAIRES -- Mrs. Carolyn Martinez, Mrs. Louise Harmon and Mrs. Donna Lou Morton are seen in front of the Upland Teen Center with three fire extinguishers which the Flaires donated this past week to the Teen Center.

Bus Chartered For Laguna Art Festival

Members of the Upland BPW will attend the Laguna Art Festival, August 8. Mrs. Althea Correll at the Upland Travel Bureau announced this week that there are tickets available for anyone wishing to join BPW Club members on the chartered bus. For reservations call Mrs. Correll at 985-1968.

The July Board meeting was held at the Upland Travel Bureau and reports were given by those attending the San Orco District BPW Conference held at Monte Corona, who were Mrs. J.R. Thraisher, Mrs. Walter Wood, Mrs. Eva Klumminzer, Mrs. Althea Correll, Mrs. Sharon Hughes, Mrs. Zella Stone, Miss Winifred Vernor, Miss Frances Barks, Miss Rosemarion Cunningham and Miss Mary Robinson.

The Board also voted to purchase a tree guard to be placed on the Upland Concourse.

The August meeting will be held Wednesday, August 21, at the home of Mrs. Mack Bennett.

Flaires Give Equipment To Upland Teen Center

On Thursday, July 25, George Schilens, representing the Upland Recreation Department, graciously accepted three fire extinguishers which were donated by the "Flaires" to the Upland Teen Center. The "Flaires" is an organization made up of wives of men working in the Upland Fire Department.

The three fire extinguishers will be placed in the Upland Teen Center now headed by the Upland Recreation Department. This is just one example of many

things being done by many people in and around the city of Upland for the improvement of the Teen Center.

Singletons Set Beach Outing

A General Meeting of the Singletons of Upland-Ontario Area will be held this Thursday, Aug. 1, at the Outreach Center of the First United Methodist Church of Upland, 262 N. Euclid Avenue.

Local attorney, George W. Vinnedge, will speak on "Wills and Estates". This topic should be of special interest to single adults, whether they are divorced, widowed, separated, or never married. The meeting convenes at 8 p.m. after a coffee and get-acquainted period beginning at 7:30 p.m.

Another date to remember is Sunday, August 4. The Singletons have planned a beach outing and corn roast at Huntington Beach. The details

will be announced at the General Meeting. Singletons is non-denominational and non-sectarian. For information regarding Singletons or its activities contact either of its acting advisors, Rev. Bruce Gabbert of the

Upland First United Methodist Church, 985-2375, or Rev. Byron Mayfield of the First Christian Church, Ontario, 984-6829.

Clothes may make the man, but it's the woman who takes care of them--and they are the proof of her homemaking abilities.

To Display Art At County Fair

An Alta Loma man, Emil Schmutz, 9378 La Vine St., plans to enter wood work projects in domestic arts competition at the 41st annual Los Angeles County Fair, held here Sept. 13 through Sept. 29.

Entering his first fair Schmutz will display two jewelry boxes one with inlay the other with a built up lid.

Women Of First Presbyterian Will Hear Mrs. Robert Jones

The August 1 meeting of the Women's Association of the Upland First Presbyterian Church will be a dessert potluck at 7:30 p.m. in Hart Fellowship Hall. Members of the congregation are invited.

"Flower Power or God's Power" will be the topic chosen by Mrs. Robert L. Jones, President of the Riverside Presbyterian Association. Mrs. Jones is a member of the Upland First Presbyterian Church and a current ruling elder.

She has also served this church previously as Primary Superintendent for

nine years, Chairman of the Board of Deacons and President of the Women's Association.

The Upland Women's Club has been another of Mrs. Jones' interests, and she has held offices as President and Corresponding Secretary of the San Bernardino District of the California Federated Women's Clubs.

Mrs. Jones graduated from Ball State Teachers College in Muncie, Indiana with a teaching certificate and received her B.A. degree from Upland College in 1963.

Circle 1, under the di-

rection of Mrs. Richard Mitchell, will be in charge of the refreshments. Reservations may be made by calling Miss Julia Rugg, 982-5684, by July 30.

Final Results Of Tennis Play In AL Wrap-Up

Final results in the tennis wrap-up tournaments of the Alta Loma summer recreation program played recently on the high school courts were as follows:

GROUP 1, Cliff Lesiwsy defeated John Rickey. Steve Lesley and Kevin McCaffrey were in the semi-finals.

GROUP 2, Robert Branchetti defeated Cliff Houtz. Semi-finalists were LeAnn Branchetti and Gary Ornalis.

GROUP 3, Donna Hixon topped Diane Hixon. Peter Houtz and Kim Grigsby, semi-finalists.

GROUP 4, Jim Richey defeated Julie Savage. Semi-finalists were Jan Rickey and Wendy Eagle.

CHECKER CHAMPS -- Brian Evers and Eddie Clark are seen in the front row with trophies they won in the recent citywide checker tournament sponsored by the recreation department. Shown in the back row are Murry Smilstein, Magnolia supervisor, Rocky Volpendesta of Sierra Vista, Richard Parry, top honors in senior division and Dan Milakovich, assistant recreation director.

Upland Checker Champs Named

In one of the most exciting tournaments of the summer, Richard Parry, 12, of Foothill Knolls recreation center, won top honors in the senior division of the Upland Department sponsored checker tournament held Friday, July 19, at Magnolia Recreation Center.

Rocky Volpendesta, 12, of Sierra Vista center, walked off with the second place trophy in the senior division. Mike Matusiewicz, 12, of Citrus Center, placed third followed by Jeff Gate, 12, of Baldy View Center, and Clair Lucas, 12, of Magnolia Center.

Eddie Clark, 9, captured the junior division championship for Citrus. Finishing behind Clark were Brian Evers, 9, Sierra Vista; Bobby Phelan, 9, Magnolia; Bill Schaffer, 9, Foothill Knolls;

and Mark McElroy, 8, of Baldy View. Point standings in all competition to this date show that Citrus Elementary School continued to lead with a point total of 35, followed by Sierra Vista, 24, Foothill Knolls, 19, Baldy View, 19, and Magnolia, 11.

Next city tournament will be held Aug. 2 at Sierra Vista Elementary School recreation center. Featured event will be table tennis.

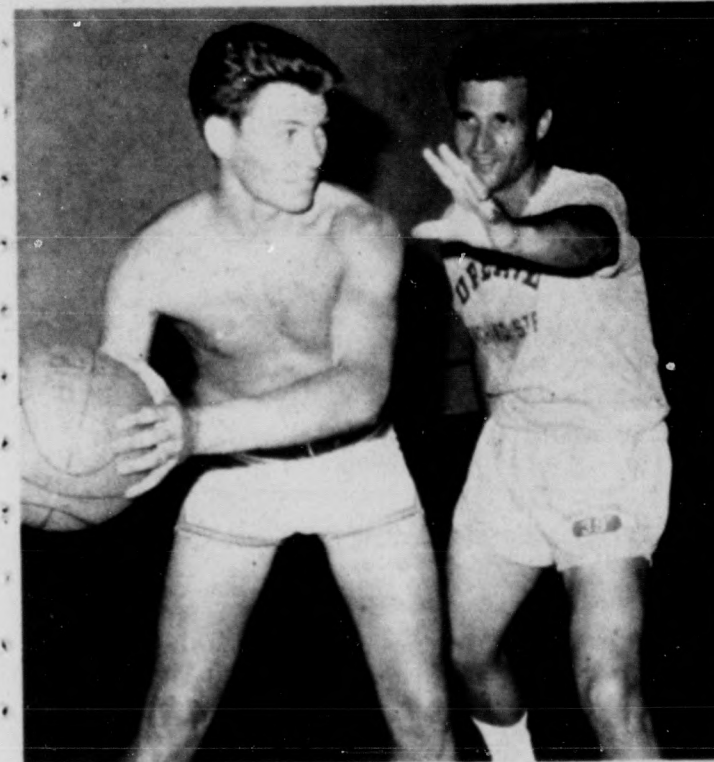

Some say that the idea of a wedding ring for the bride goes back to the ancients, when the man used it to signify his possession and authority. Holding them to be of pagan origin, the early Christians rejected betrothal rings until A.D. 860, when church authorities accepted them in response to popular demand.

Bible Classes Scheduled At First Mennonite Church

Bible School classes will be conducted at the First Mennonite Church, 379 N. Campus, Upland, the evenings of August 5-9, from 7-8:30 p.m. All children who have completed grades 1-8 are invited. Tuition is free.

Study courses include:

Grades 1-2, "Stories About God's Friends"; Grades 3-4, "What God Wants Us To Do"; Grades 5-6, "Teaching of Jesus"; Grades 7-8, "Traveling With Paul". Please call 982-1669 if you desire to enroll your child.

BASKETBALL AT UPLAND HIGH -- Popular in the city's recreation program are gym activities at the high school Monday through Thursday evenings from 7 to 9 p.m. Ron Eaton, left is shown the finer points of basketball by coach Paul Trautwein, right.

Trautwein Supervises Basketball

UPLAND - Paul Trautwein supervises all gym activities Monday through Thursdays, 7-9:30 p.m., for boys and girls of junior high, high school, college and adult ages. One of the many activities available for everyone is basketball under the excellent supervision of Trautwein. Trautwein is the Upland High School varsity basketball coach

Stores Will Exhibit Arts And Crafts

The creative talents of Upland youngsters participating in the summer recreation arts and crafts program will go on exhibit starting July 31 and extending until August 8 in six Upland stores.

Work from all five arts and crafts centers plus the material presented by the "boutique" in the teen center will be displayed.

Arts and crafts projects from Baldy View Elementary School will be displayed at Upland Feed and Fuel, projects from Foothill Knolls Elementary School will be displayed at Upland Glass Company, Sierra Vista at Roy's Bicycle Shop, Cit-

rus at Atwoods, Magnolia at Upland Pharmacy, and the Boutique at Davis Jewelers.

Table Tennis Tournament Set For Friday, August 2

A citywide table tennis tournament, sponsored by the Upland Recreation Department, will be held Friday, August 2, at Sierra Vista Elementary School.

Each center in the city early this week will hold preliminary tournaments to select a boy or girl 7 to 12 years old for the tournament at Sierra Vista.

Two divisions will be represented in the finals and trophies will be awarded to the city champ and runnerup in each division.

Division 1 will be made up of players ages 7-9 and Division 2 ages 10-12.

Kiwanis Club

Members of the Kiwanis Club of Alta Loma-Cucamonga will join other Southern California Kiwanis at the Dodge-Pirate game August 5, a benefit to aid the crippled children's fund.

NOTICE OF TRUSTEE'S SALE

T.O. No. 68-1353
On FRIDAY, August 9, 1968, at 11:00 A.M., The TI Corporation, (of California), a corporation formerly TITLE INSURANCE AND TRUST COMPANY, as duly appointed Trustee under and pursuant to Deed of Trust dated July 15, 1967 Executed By: WESTERN BENEFICIAL DEVELOPMENT CORP., a California Corporation and recorded November 7, 1967, as Instr. No. 285, in book 6919, page 715, of Official Records in the office of the County Recorder of San Bernardino County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) at the front entrance of the Pioneer Title Office of Title Insurance and Trust Company, at 340 Fourth Street, San Bernardino, California, all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as:

The North 27 feet of Lot 9, and the South 23 feet of Lot 8, Tract No. 7484, City of Upland, County of San Bernardino.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note secured by said Deed of Trust, to-wit: \$6,542.76, with interest from January 1, 1968, as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trustee created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on April 12, 1968, the undersigned caused said notice of breach and of election to be recorded in book 7008, page 253, of said Official Records.

Inland Shakespeare Festival July 31 At Valley College

Shakespeare under the stars comes to the area this summer in the first annual Inland Shakespeare Festival July 31 through August 10th in the Greek Theatre, San Bernardino Valley College.

"The Tragedy of Romeo and Juliet," the touching story of ill-fated lovers, set in traditional Elizabethan style, opens the eight day event.

In contrast, a less known work, "The Comedy of Errors," done on alternating nights, will be presented in an innovative interpretation with vaudeville music, psych-

chedelic lighting and imaginative costumes.

The Festival brings together a talented group of professional and semi-professional players from the local area who have a lead one night and a bit part the next. Heading the troupe are Peter David Heth, from roles in Broadway and Off-Broadway plays, and Michael Dixon, from KDUO - KFXM. Peter plays Antipholus in Comedy and Benvolio, Romeo's friend. Michael portrays Antipholus' servant, Dromio and the

mighty Tybalt in the Tragedy.

Other featured actors include Dee Armstrong as young Romeo, Karen Banville as his Juliet, Mae Green Kranz as the Nurse, Franklin Chambers and Evelyn Latana as Lord and Lady Capulet, Betty Carvalho in the roles of Lady Montague and Head Courtisan, James Yurkanski as

Lord Montague, and Ron Levesque as Friar Laurence. Elaine Dale and Mary Ann Jensen have female leads in the Comedy of Errors.

The production is under the direction of Cliff Cabanilla, who comes to the area with extensive experience in Shakespearean repertoire theatre and summer stock. He is currently Associate Professor of Theatre Arts at San Bernardino Valley College.

Tickets for the productions are priced at \$2.00 for adults and \$1.00 for students and are available at the Valley College student business office or at the Harris Co. All seats are reserved. Curtains are at 8:30 p.m. for all performances.

276 Alta Loma HS Students Rate Scholarship Recognition

ALTA LOMA - The Scholarship Recognition program for the Alta Loma High School was released this week by the school offices with a total of 276 students being honored for their achievements. They include:

A-B
Vicki Adams, Frank Aguilar, Linda Albin, Darwin Allbritton, Susan Allen, Gloria Alvarado, Ross Anderson, Mary Archibald, Frances Arner, Timothy Arner, Celina Asebedo, William At-

terberry, John Ayala, Candice Aylor.

Last Minute Bills Plague Legislators

State Senator William E. Coombs (R-Rialto) stated in his weekly report to the 20th district that "adjournment fever has reached epidemic proportions in Sacramento. It is a time when bills which started out as minor technical changes suddenly come back for concurrence as major legislation. Time, pressure, and fatigue combine to increase the risk of voting errors. If a bad law is to be maneuvered through the legislature, now is the time. Naturally, we are alert to the possibility, but the chances are still good that some bad laws will get by."

The Senator pointed to last years AB 272 as an example of how bad legislation can slip through. "On the last day of the

session, this bill was amended in conference to remove the ceiling on property tax rates which would be levied by school districts."

"Whether that provision, in itself, is good or bad depends on who you ask," the Senator continued. "Still, the fact that SB8 repealing that part of AB 272 passed the Senate this year indicates that if all the Senators had known this provision was in the bill, it would not have passed."

"How this last minute pile up of bills can be avoided is a question that still troubles many legislators. I hope to have some legislation along that line to propose at the next legislative session," Senator Coombs concluded.

Gov. Reagan Crowns Nat'l Wine Queen

Governor Ronald Reagan crowned a poised Jan Unser of San Leandro as the 1968-69 National Wine Queen recently in his Sacramento office.

It has become traditional since the 1940's for each California governor to crown the queen of wine once during his term of office. Governor Reagan carried the tradition another stride forward when he placed the silvery wreath of grapes on the lovely brow of the blue-eyed, brown-haired new queen.

As her first royal duty, Queen Jan presented Governor Reagan with an enormous Jeroboam of California Champagne, specially labeled as "Coronation Reserve." The wine queen said that the state's wine growers are looking forward to an ex-

cellent vintage, and wished to be sure that Governor Reagan would be able to celebrate the harvest appropriately.

Queen Jan is 27, a North Carolinian by birth, a Californian for the past three years, a registered nurse and doctor's wife. She was chosen from a field of six finalists because she is a particularly wine-wise hostess, but not incidentally because of her striking 36-24-35 figure.

She will be the official hostess for California's winemakers for the coming year. As National Wine Queen, Jan will reign over the National Wine Festival during October, when she will participate with the state's wine growers in the dinners and festivals which celebrate the new vintage.

NEWLY CROWNED WINE - Queen Jan Unser smiles happily while Governor Ronald Reagan, who performed the ceremony, admires one of his rewards, a Jeroboam of California Champagne. One of the other benefits: a kiss.

Loud Radios, Joy Riding Prohibited In National Forest

New federal regulations relating to recreation areas and campgrounds in the Angeles National Forest and other National Forests throughout the country to insure enjoyment by all visitors are now being enforced by U.S. Forest Service Officers.

The new forest regulations prohibit such acts as: polluting streams; boisterous, abusive and indecent conduct; defacing natural features; defacing signs and public buildings; distributing advertising or handbills; operating audio devices, including radios, television, and musical instruments in such a manner that is disturbing to other persons.

Non-payment of camping fees; occupying a site for other than primarily recreation purposes;

building a fire outside of stoves; camping over night in places restricted for day use only; leaving an unclean campsite; camping longer than the posted time limits; failing to maintain quiet in campgrounds between 10:00 p.m. and 6:00 a.m.

Dogs and other pets not on leash; driving motor vehicles in excess of posted speed limits; operating a motor vehicle without a muffler; excessively accelerating the engine of a motor vehicle; and driving motorcycles and motorbikes on roads in campgrounds for any other purpose than entering and leaving the campground area, plus others.

The regulations will be posted in all campgrounds and picnic areas in the Angeles Forest, according to Supervisor Dresser.

Robert Dolan Named Sales Representative

Robert E. Dolan of Up-
land has been appointed
sales representative for
Southern California by
Nopco Chemical Division,
Diamond Shamrock
Chemical Company. The

announcement was made
by R.J. Kingsley, West-
ern Sales Manager, Feed
Additives and Animal
Health.

Dolan will service feed
mills, feed lots and in-
tegrated poultry operations
with the company's feed
additives, and antibiotics,
including NOPCO CTC
(Chlortetracycline), and
other animal health pro-
ducts.

Prior to joining Nopco
he was responsible for
quality control, feed re-
search, and formulations
at Pioneer Mills, Inc.,
Artesia, California. He
was also in charge of in-
plant operations which in-
cluded commodities and
premix production for
Vitren of California, Tur-
lock, California.

Most recently Mr. Do-
lan was with Veterinary
Laboratories, Inc., Mod-
esto, California.

Robert E. Dolan

**Freedom Shares—new plan for Americans
who want to help their country.**

Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase new U.S. Savings Notes, "Freedom Shares," as a bonus opportunity. Freedom Shares pay 4.74% when held to maturity of just four-and-a-half years (redeemable after one year), and are available on a one-for-one basis with Savings Bonds. Get the facts where you work or bank.

Join up. America needs your help.

News Camera Scans The Upland Scene

EARLY DAYS OF UPLAND -- are depicted in this scene at the Museum on W. 18th Street. Mrs. Beatrice Riggs, director announced this week that Miss Anne Britton of Ontario had donated the sum of \$1,000 for improvements at the Cultural Center.

HAND CARVED -- and very beautiful is this antique clock presently displayed at the museum on W. 18th Street.

ARTS AND CRAFTS--are popular with more than 100 boys and girls from the Cucamonga area taking part in a summer recreation program jointly sponsored by the Cucamonga School District, the Upland Assistance League and the Ontario-Upland YMCA. Evron Karges, craft instructor is shown advising one of his pupils.

RECREATION DEPARTMENT'S -- Arts and Crafts program has proved to be very popular this summer with Upland youngsters. Shown with Sue Westy, center, supervisor are Stephanie Van Noy, left and Jo Anne Hvorlik, right, two students, who will have their creations exhibited this week in the downtown stores.

PLEASANT LISTENING -- This trio of youths at the Boys Club are all ears as they listen to the guitar strummings of this attractive guest, recently as one of the features of the club.

MUST BE A GOOD STORY -- to captivate such a large audience, Miss Connie Engle, instructor, far left, holds story telling and singing sessions for boys and girls ages four through seven, Monday through Friday at five elementary schools in the city. Miss Engle's classes are very popular with the pre-primary set, see front row left ...looks like he's falling off to dreamland.

Community Theatre Opens Season August 1

Valley Community Theatre opens its 1968-69 season Thursday, August 1 with John Patrick's three act play, "Everybody Loves Opal," under the direction of veteran VCT actress, Harriett Weiss. Opening night will be highlighted by the traditional free champagne party for cast, crew, and audience in the theatre patio.

The play, which has been playing in San Diego for three consecutive summers to standing room only audiences, is the story of how the irrepressible goodness of Opal squelches the self-serving plans of three bumbling crooks.

Opal, played by Sandee Gilliland, is a loveable but eccentric "lady" who collects junk and lives with her cat in a dilapidated house next to the city dump.

Enter second rate crooks Sol and Brad plus

girl friend Gloria, played by Casper T. Gee, Andy Caddes, and Margie Dayton respectively, who decide to murder Opal after they have made themselves the beneficiaries of Opal's newly acquired insurance policy.

Other members of the cast are C. Mack Gilliland as the insurance doctor, and Jerry Arky as Opal's best friend, the local cop. Both men were VCT award winners last season. Jerry Arky is also lighting technician for the show. Audio design is by Richard (Dick) Dow, set design by Milton Sawitz, props by Sara Baldinger, and sound by Barbara Nass.

"Everybody Loves Opal" will continue Friday and Saturday nights through August 31 at the VCT Theatre, Fourth and White, in Pomona. Tickets may be reserved by calling 622-6954, or by writing the theatre at 887 W. Fourth Street.

SCHEU MANUFACTURING CO. -- recently received the Fireman's Fund American Insurance Company's Achievement Award in Accident Prevention for their outstanding success in effecting safety procedures during the past two years. Through the active joint cooperation of management and employee's safety committee, a reduction of over 200 per cent in accident frequency has been achieved. Scheu Manufacturing Co. was founded by the Scheu family of Upland in 1911. Seen accepting the award for the company are left, Stephen J. Raszka, plant superintendent, center, Leland C. Scheu, president and general manager and at the right is William Bennett, insurance company representative.

Mt. Baldy Trail Ride

Mt. Baldy will be the location for the sixth trail ride to be co-sponsored by the San Bernardino County Regional Parks Department and Equestrian Trails, Incorporated. These trail rides are being sponsored to acquaint the public with the County regional parks and the need for riding and hiking trails. Riders will enjoy the scenic mountains and the overnight campout.

The trail ride will be held on August 17 and 18, and will begin at 9 a.m. sharp. To reach the base camp, take Interstate 10 to the Mountain Avenue turn-off near Upland. Turn north and follow "Mt. Baldy" signs 16 miles to the Mt. Baldy Ski Lift parking area. A map of the area is enclosed. Riders will meet at the base camp, which is the parking area, and return to the camp after a 16 mile ride through the Mt. Baldy area. Water and

restroom facilities are available. A short ride will be held on Sunday morning; the Pomona Concert Band will entertain Sunday afternoon.

A \$1.00 trail fee will be charged all riders which will be used to defray expenses and to promote riding and hiking trails. Riders must furnish their own lunches and canteens. Cowboy coffee will be available at the base camp before the ride and at the noon stop. Warm clothing will be necessary.

Rental horses are available at a cost of \$12. for the Saturday ride and \$2. per hour for the short ride on Sunday. For further information, or to reserve a rental horse, call or write the San Bernardino County Regional Parks Department, 316 Mt. View Avenue, San Bernardino, California, 92401; telephone 889-0111, ext. 704.

Five additional rides are scheduled as follows: San Jacinto Mountains--Idyllwild, September 21; Yucaipa Regional Park, October 12; Victorville--Summit Valley, November 16; Whipple Mountains--Colorado River, January 18; Prado--Santa Ana River, February 8 and 9.

Civil Service Exams Slated

A Civil Service examination has been announced for TV and Film Technical Production positions to fill future vacancies at Federal Agencies located in California and Nevada.

Position to be filled include Color TV Technical Directors, Transmission Engineering Technicians, Rerecording Technicians, Color TV Lighting Technicians, Audio / Video Recording Technicians, 35 mm Projectionists/Maintenance men, etc.

Starting rates of pay for these positions range from \$7,680 to \$12,000 per annum. A written test in electronics theory is required for some positions. For all positions, applicants must show the possession of the necessary skills, knowledge and abilities to do the work of the position to be filled without more than normal supervision.

ALL QUALIFIED APPLICANTS WILL RECEIVE CONSIDERATION FOR APPOINTMENT WITHOUT REGARD TO RACE, RELIGION, COLOR, NATIONAL ORIGIN, SEX, POLITICAL AFFILIATIONS, OR ANY OTHER NON-MERIT FACTOR.

Complete information may be secured from the examination announcement - materials which are posted at various Post Offices.

Interested persons should file Standard Form 171, Supplemental Information Sheet 630 (FBS-23) and card CSC Forms 5000 and 5001-ABC with the Interagency Board of U.S. Civil Service Examiners, 380 W. Court Street, San Bernardino, California 92401.

Application forms may be obtained at the Interagency Board or from the Post Offices where the announcements are posted. Applications will be accepted until further notice.

Entrance Exams Held At Chaffey

There will be two remaining opportunities for prospective students to meet the American College Test requirement for entry at Chaffey College in the fall semester.

The examination will be given at 8:30 a.m., Aug. 10, at campus center, and 6 p.m., Aug. 28, in the library. Applications to take the test must be filed at the college bookstore. The ACT fee is \$4.50.

The final period for fall semester registration is Aug. 12 - Sept. 4, with classes starting Sept. 10. Further information may be obtained by calling 987-1737, 822-7456, or 626-9811.

Bankers Name Low Genge To Committee

Upland resident Low Genge has been appointed to the Committee on Trust Department Income and Expense for the California Bankers Association Trust Division for the 1968-69 year.

Genge is vice president and trust officer of the First National Bank and Trust Company in Ontario.

The announcement was made today by Division Chairman, David H. Allen, senior vice president and trust officer of the Bank of A. Levy in Oxnard.

The association was established in 1891 as a voluntary, non-profit organization and today it represents all of the state's 175 banking and trust company head offices.

Savings Bonds Sales Increase

San Bernardino County Savings Bonds Chairman Robert V. Fullerton today reported the first six months of 1968 marked the most successful sales period in the peacetime history of the program in California. Total cash sales of E & H Savings Bonds combined with Freedom Shares amounted to \$205,984,384 in the State -- up \$18 million or 9.8 per cent over the same period last year.

San Bernardino County contributed \$4,576,658 in sales to the State-wide total during the January - June period. June sales for the County were \$662,377.

The Savings Bonds Volunteer commented on the spectacular sales record: "The recent improvement in interest rates to 4 1/4% on Series E & H Savings Bonds and 5% on Freedom Shares is having an important impact on sales."

"In addition, the effective leadership of the California members of the U. S. Industrial Payroll Savings Committee is being felt in the key Payroll Savings market as many successful campaigns are concluded and reported."

"The members are: J.E. Gosline, Bay Area Chairman; Fred L. Hartley, Los Angeles Greater Metropolitan Area Chairman; J. L. Atwood, Aerospace Industry Chairman and James M. Halt, Industrial Equipment Manufacturing Industry Chairman."

"Furthermore it demonstrates a determination on the part of citizens to strengthen the dollar and help keep it the world's strongest currency through the purchase of these Shares in America."

Federal Job Help To Returning Vets

The U.S. Departments of Labor and Health, Education and Welfare today announced approval of a training program at San Bernardino for 40 servicemen returning to civilian life.

The ex-servicemen will undergo seven weeks of classroom training at Barstow College to become law enforcement officer trainees. The training will cost \$12,046. The project is part of Operation Transition conducted in cooperation with the Defense Department to ease the transition of servicemen to civilian life.

County Park To Be Dedicated

On Sunday, August 4, at 4 p.m., San Bernardino County will dedicate its 500 acre Glen Helen Regional Park.

The Park, located ten miles north of San Bernardino and one mile west of the Interstate 15 at Devore Road, contains three lakes, picnic and camping areas, boating, fishing and nature trails among its many recreation facilities.

Trailer Safety Tips Given By Allstate

The growing popularity of trailers makes it important that drivers be properly informed concerning their use, warns the Allstate Motor Club, and offers these helpful tips:

1. Make sure you have the right hitch for the job. Use a frame hitch in preference to a bumper hitch. Attach safety chains in case the hitch fails and the trailer breaks loose.

2. Make certain all lights and turn signals work correctly. Check these items before you start out. If you rent the trailer, have the attendant show you how they work.

3. Load the trailer correctly. Using the 60-40 principle -- 60 per cent of the weight is on the front half of the trailer and 40 per cent is on the back.

4. Check tire pressures on both the car and the trailer.

5. Check your car before you start. Tell the serviceman you are going on a trip and will be pulling a trailer. Tires, springs, shock absorbers, oil and transmission should be thoroughly checked.

6. Inspect the entire hookup each time you stop.

7. Other points to remember: Make sure you have complete insurance protection while you are using the trailer. Remember your new length and weight with a trailer. Allow enough passing room and don't use brakes too much. Steer firmly but gently. Keep the trailer in good mechanical condition, and never let anyone ride in it.

An Aurora, Ill., housewife, Mary Assel, is responsible for naming one of America's largest appliance companies, Hotpoint. In 1904 she told her husband, Earl Richardson, that of the electric irons he had developed, she preferred the one "with the hot point."

More Peachy Desserts

by Betty Crocker

PEACH PECAN SHORTCAKE

2 1/2 cups New Bisquick
1/2 cup chopped pecans
3/4 cup light cream
2 tablespoons granulated sugar
3 to 4 peaches, sliced and sweetened
1 cup chilled whipping cream
1/4 cup confectioners' sugar

Heat oven to 450°. Mix New Bisquick and pecans. Add cream and granulated sugar; mix with fork to a soft dough. Beat vigorously 20 strokes. Knead 8 to 10 times on lightly floured cloth-covered board. Roll dough 1/4 inch thick. Cut with 3-inch floured cutter. Bake on ungreased baking sheet about 10 minutes. Split warm shortcakes. In chilled bowl, beat whipping cream and confectioners' sugar until stiff. Fill and top shortcakes with peach slices and whipped cream. If desired, garnish each with peach halves. 6 servings.

Alta Loma Swim And Diving Club Splits Final Two Meets

The Alta Loma Swimming and Diving Team ended the season by defeating Ontario with the score of 320 to 136, on July 20. On July 27 Chaffey (CAC) defeated Alta Loma with the score of 248 to 241. Following are the results and the winning times.

BLUE MOON

Owing to sulphur particles in the upper atmosphere from an 80,000 square-mile forest fire in British Columbia, people in Great Britain saw a moon that was bluish in color, September 26, 1950.

RAPID RAPIDS

The fastest rapids ever navigated are the Lava Falls on the Colorado River. At times of flood they reach a speed of 30 m.p.h. with waves up to 12 feet high!

Kissing Your Girl, May Be Fatal, In More Ways Than One!

The simple, but enjoyable act of exchanging kisses may be opening the door to problems of health, according to latest information. Some public health authorities (in Florida) have indicated that lipsticks and other cosmetics contain rather high levels of pesticides. Many forms of makeup, according to the report, contain lanolin, an oil derived from sheep. The report is that sheep are often dipped in pesticide baths to kill parasites, and this sets up the pathway via lanolin to cosmetics.

Florida Medical Director Walter F. Edmundson is reported to have not commented on the human health implications, but he pointed out that chlorinated hydrocarbon pesticides are readily absorbed through the skin and stored for long periods in body fats. He also observed, however, that the Food and Drug Administration regulates pesticides in food very strictly, but not lipsticks. It seems likely, however, that kissing will probably remain on the American scene for some time to come.

SWEETEN HALL SWINGS TONIGHT. Bill Spiker (front, right) and his talented group of r & r boys will play tonight, Wednesday, for the teenage dance at Sweeten Hall, Cucamonga, sponsored by the Cucamonga Service Club. The band members are John McCabe, Gary Tich at the mike, Bill Spiker, and (rear) Keven Barnes, Don Edgerton on drums, and Tom Brown. Admission for teens from Alta Loma, Cucamonga and Etiwanda is 50¢ at the door; hours are from 7:30 until 11 p.m., and refreshments will be available.

GIANTESS

The tallest living woman is believed to be Katja van Dyke of the Netherlands, who is about 7 feet 2 1/2 inches tall!

YOUR ASSEMBLYMAN AT WORK

John V. Briggs 35th District

In 1961 the Legislature put more teeth into the state law on the possession of marijuana for consumption.

This new law said that a first offense had to be treated as a felony carrying a term of one to ten years. And while the judge could grant probation, he could not treat the case as a misdemeanor and thus remove the felon brand.

We in the Legislature are now in the process of debating the merits of another modification of the state law relative to marijuana.

The Assembly has approved and sent to the Senate a bill permitting a trial judge to reduce a first offense to a misdemeanor, in his discretion. And it would increase the possible penalty for possession of dangerous drugs such as LSD and methedrine ("speed"), now a misdemeanor.

FELONY NOW
An interesting facet of our present law provides that while possession of marijuana is a felony, the penalty is confinement in either the state prison or in county jails.

But in other felonies -- such as assault with a deadly weapon, embezzlement, forgery, auto theft, etc. -- the court can declare the offense either a felony or a misdemeanor depending on whether the defendant is sentenced to a state prison or to a county jail.

Proponents of the current bill say many persons are not going to jail for possession of marijuana because judges are

reluctant to impose the stiff sentence for minor violations of the law. They also claim district attorneys hesitate to demand the felony conviction of a person arrested for the first time for possession of marijuana.

LONG DEBATE
The debate on the measure in the Assembly was one of the longest of the 1968 session.

It revolved principally around an abortive amendment that would have removed the marijuana provisions of the bill, having the effect then of leaving marijuana penalties at a felony as they are now, but permitting the increase of dangerous drug possession to a felony.

The author of the amendment said the question on marijuana was totally different, that "this is not the time to say to the young people of California that marijuana is not serious."

MUCH SUPPORT
Some rather powerful support has been marshaled behind the bill, most notably from the State Bar, the California Peace Officers Association and the California District Attorneys Association.

"That the narcotic marijuana is a harmful and destructive substance is not open to question or debate by reasonable individuals," said the law enforcement organizations. But, they added, "a sensitivity on the part of the judiciary to the severest penalties which attach to conviction for this offense . . . has led to a diminution of our ability to enforce the law."

One garden seed company may offer 3,000 varieties of seeds.

THAT'S ME! Identifications start as a game in Head Start, but soon the children are able to recognize their own names as well as their friends, introducing the idea of spelling. Color identification is also brought into the game, with each "train car" being different from the others.

YOUR CAT: A GLAMOUR KITTY?

Some of history's most cod-dled cats lived in ancient Egypt, where they were held sacred to the god Ra and the goddess Isis. Egyptians even built cat temples!

Today, many cats retain an aristocratic bearing, and proud cat owners across the U.S. can enter their pets in the 1967 Glamour Kitty Contest, until April 16, 1967, sponsored by makers of Kitty Pan Cat Litter.

The four finalists and owners will be flown via Eastern Airlines to Miami Beach for the pageant and coronation at the Fontainebleau Hotel. The grand winner will wear a mink-trimmed coronation cape and be crowned with a jewel-studded tiara designed by Morris Goodman.

OFF TO ALASKA -- MSgt. David E. Myers of Alta Loma and SSgt. Thomas L. Ogborne of Upland, members of the 163rd Fighter Group, California Air National Guard stationed at Ontario International Airport, make final radar adjustments on group's F 102 aircraft, prior to their departure to Alaska. Over 700 members of the 163rd left for Alaska this past Saturday for 15 days field training. Unit will be stationed at Camp Carroll near Elmendorf Air Force Base and Anchorage, Alaska.

Commuter Airlines New Appointment

William E. Myers, Chairman of the Board for Cable Commuter Airlines, announced today the selection of Dan E. Kauffman as Assistant to the Vice President of Operations. Main duty for the newly created post involves the flight operations department, entailing such areas as dispatch, training of new captains and first officers, flight operation procedures, and check pilot duties on the airline itself. In addition to the above, Kauffman will serve as pilot.

Kauffman, a native of Reading, Pennsylvania, has been a licensed pilot for 27 years. In the early days of World War II, he was a civilian flight instructor for Air Force cadets, and later served as a pilot in the Air Transport Command in the middle east and China-Burma area.

Kauffman's post war aviation activities have included ten years with a major air freight line,

service as a corporation pilot, air charter and flight instruction, director of aviation for Holly Corporation (Azusa), and duty as a chief pilot for Cable Flying Service.

FAA licenses held by Kauffman include an airline transport rating, flight engineer's certificate, instrument rating, flight instructor rating, and a control tower operator's certificate.

Don Denney, Vice President for Cable Commuter and with whom Kauffman will work directly, stated, "Cable Commuter Air-

lines is delighted, and indeed most fortunate, to be able to make appointments of such qualified people as Dan Kauffman. One of the major elements to the success of a growing company is to put the right people in the right jobs."

Captain Kauffman is married to the former Barbara Smith of Pasadena. They reside in Glendora with their two daughters, Diane 20, and Linda 14.

LIONS ANNUAL FISH FRY -- Roger Olson, left, gives last minute instruction to Loren Sanchez in preparation for the Upland Host Lion 15th Annual Fish Fry. The event will be held Friday, Aug. 2 from 4 to 8 p.m. at the Upland Memorial Park.

Jerry's Journal

by JERRY PETTIS CONGRESSMAN, 33rd Dist.

WASHINGTON, D.C.-- This is the first month of a new fiscal year for your government -- a year in which we in Congress are determined to reduce the administration's spending level.

Our country is in a critical fiscal situation. If spending continues at the present soaring rate, the United States will experience a deficit this fiscal year of between \$20 and \$30 billion.

As costs rise, everyone suffers -- workers, retired people, farmers, government employees, small businessmen, corporate executives, and most of all the lowest income groups and those on relief.

I personally feel expenditure cuts of \$15 billion should be made from the President's proposed \$152 billion budget figure for fiscal 1969.

This reduction can be accomplished without touching aid to education, medical and health services, the war on poverty or the war in Vietnam.

Some areas I suggest we cut back in spending are:

TROOPS ABROAD -- Western Europe can afford to defend itself. If European countries really want our troops there, they should be willing to pay the cost. If not, we should pull them out. Either course of action would save taxpayers more than \$2 billion.

FOREIGN AID -- Our nation should continue to be in the forefront of those aiding other nations to get on their economic feet.

But many projects undertaken in our foreign aid are uneconomical, wasteful and in some cases even put recipient nations farther in debt. By rationalizing our foreign aid programs, a reduction of \$3.5 billion a year can be realized.

SPACE PROGRAM -- As a member of the Science and Astronautics Committee, I have assisted in reducing costs of the nation's space program. We have already cut the budget request by nearly \$339 million which shows it can be tightened by getting the best possible use of the dollar without destroying those facets of the program which are most important.

PUBLIC WORKS -- In a time of economic trouble public works -- even good projects -- must be deferred until such time as the economy improves. We can reduce the level of spending from the \$5 billion projected to \$2 billion.

RESEARCH AND DEVELOPMENT -- This area should be reduced from \$17 billion to \$14 billion. Actually we would improve the overall program which has mushroomed rapidly in recent years by applying this type of expenditure discipline.

AGRICULTURE -- Switch the program from paying farmers not to produce to one which enables him to be freed from government control and get his income through the market place. This would result in a \$2 billion savings.

FEDERAL EMPLOYMENT -- \$1 billion can be saved by holding Federal employment at its present level.

\$499,099 Shared At Kaiser Steel

A cash payment of \$499,099 was shared last Thursday by participants in the Kaiser Steel--United Steelworkers Long Range Sharing Plan at the company's Fontana, California plant. It was announced by officials of the company and the USWA.

The cash payment of \$489,009 for the month of June, equivalent to 61¢ per hour worked, will be distributed to 6087 employees.

Also during June, 38 Kaiser Steel employees worked 4,618 man-hours in the company's Employment Reserve, and 21 employees received a

Displacement Differential. The Employment Reserve and the Displacement Differential are employment security provisions of the Long Range Sharing Plan which provide protection against job and income loss as a result of technological or work methods improvements.

The Long Range Sharing Plan -- a cost-savings-sharing, rather than a profit-sharing, plan -- measures productivity at the Fontana plant and shares the gains among employees and the company.

CARNIVAL TIME -- Is always fun, even when it's pretend. The Mexican Players especially enjoy the carnival scene in "Tropical Veracruz", their stage production at Padua Hills Theatre. The carnival figures add to the colorful authenticity of this musical about tropical Veracruz in Mexico. The play will run from July 31 through September 14, with curtain call at 8:30 p.m. Wednesdays through Saturdays and 2:30 matinees on Wednesdays and Saturdays. Audiences are invited to join the players in an outdoor fiesta after each performance. Call (714) 626-1288 for reservations.

Carnival Time At Padua Hills

It's Carnival Time at Padua Hills!

Opening today, July 31, the stage play "Tropical Veracruz" will be a gay carnival copy of those held yearly in Veracruz, Mexico.

Veracruz, on the Gulf of Mexico, reflects the Caribbean and Spanish influence in its music, dancing and native dress. "Tropical Veracruz" is a light musical drama that is bright and gay with the ruffled skirts of the señoritas, Caribbean rhythm, and lilting Spanish melodies.

All the music, songs, and dances of the plays at Padua Hills are authentic reproductions of those performed in the cities, towns, and villages of our southern neighbor. The director, Eligio Herrera, actually visits the area, taping the music, charting the dances, and buying the clothing to be copied

by the theatre wardrobe people.

"Tropical Veracruz" will run from July 31 through September 14. Performances start at 8:30 p.m. on Wednesdays through Saturdays and at 2:30 for Wednesday and Saturday matinees. At the final curtain of each performance, the audience is invited to join the players for "Jamaica" in the patio. This is an outdoor fiesta with music, dancing, games and typical Mexican refreshments. The latter includes Jamaica, a cool summertime drink.

Padua Hills Dining Room, open daily except Mondays, offers luncheon and dinner at times convenient for those who wish to dine before enjoying the play.

Reservations for theatre and dining room are not always necessary, but are recommended for assured seating.

YMCA Campers

The Ontario - Upland Y.M.C.A. will hold its annual summer trip to Universal City Movie Studio, Saturday July 27, according to Evron M. Karges, trip director and Y.M.C.A. Secretary.

The glamour tour of the Universal Studio will include exciting high lights of a push button snow storm, movie costumes, from famous films, Grampa Muster's laboratory, live make-up demonstrations, live shows starring trained movie animals, spartacus Courtyard, movie rain set, stuntmen shows in the action area, star's dressing rooms, trip through movie streets, Western towns, and European streets.

Slides have chewed the soft foundations of the Niagara River's cliffs ever since the Falls were created about 100,000 years ago.

The known output of gold reached an estimated 41.5 million ounces in 1966. The Soviet Union keeps its production figures secret.

In 1966, spring arrived at 8:22 a.m. Eastern Standard Time on Wednesday, March 29.

Jerry's Journal
 By Jerry Pettis
 Congressman, 33rd Dist.

Criminal violence from the muzzle of a gun has brought continued heart-break to America. The violence spreading throughout our nation is foremost in the minds of every member of Congress. We all know laws alone will not cure all crime.

However, the increasing rate of lawlessness and the growing use of firearms in violent crimes clearly attest to a need to strengthen Federal regulation of interstate firearms traffic.

Numerous Committees have considered various gun bills, including the State Firearms Control Assistance Act of 1968 which the House of Representatives will take up this week.

This legislation will impose restrictions on the sale of rifles and shot-guns generally parallel to those imposed on handguns by provisions of the Omnibus Crime Control and Safe Streets Act of 1968 for which I voted. Thus, the Firearms Control Act prohibits mail order purchases, sales to non-residents and sales to persons under 18 years-of-age of rifles and shot-guns.

The bill will also control the interstate shipment of ammunition and the sale of ammunition to juveniles.

I intend to support and vote for this vital legislation.

The bill does not include national gun registration to which I am unalterably opposed.

The criminal, insurrectionist and rioter will find ways to get guns while the responsible law-abiding American will be imposed upon. Under our Democratic system state and local governments should, and do enact whatever laws they feel are necessary to fight crime and violence.

The Congress must do everything within its power to see that criminals who use guns in the commission of a crime are given harsh sentences upon conviction.

I firmly believe the greatest deterrent to crime is for the criminal to know justice is swift and sure.

Kaiser Worker Wins Color Television

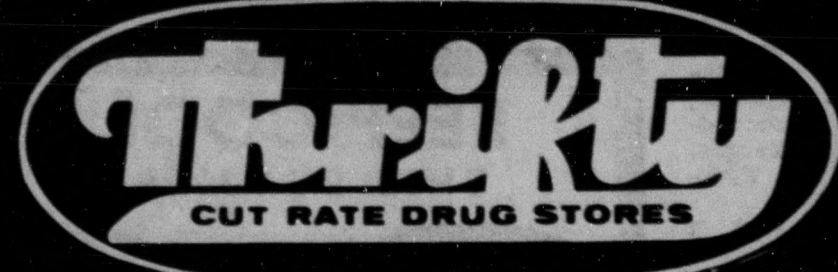

Ralph Hearrell, 7589 Date, Fontana, won a color television in Kaiser Steel's July Idea Proposal Award Drawing held at the Fontana plant.

Hearrell, a millwright in the Blast Furnace Mechanical Maintenance Department, was among 119 employees who qualified for the drawing by having their idea proposals approved for installation during the month of June.

The idea proposal award encourages hourly employees to submit ideas reducing areas of high cost in plant operations. Savings are shared among all employees through the Kaiser Steel-United Steelworkers Long Range Sharing Plan. To be eligible for the award, idea submitters must be United Steelworkers of America bargaining unit employees at the Fontana plant.

Hearrell teamed up with Oliver Ooms, a welder, and qualified for the July drawing by submitting an idea for a proper lubrication system for the No. 1 and No. 2 Ore Reclaimer. The new method allows the plow chain and guides to be lubricated according to the speed of the plows. The oil is controlled by setting a valve which controls its rate of flow from a reservoir tank. When they won the drawing, Hearrell and Ooms decided between themselves how they would split the award.

Hearrell lives with his wife, Joan, and two children, Kim, 11, and Ricky, 4. He has been an employee at Kaiser Steel for 13 years.

SHOP EVERY NIGHT AT McDONALD'S - MONDAY THROUGH FRIDAY UNTIL 9 P.M.

The Department of Agriculture began stamping and grading beef in the United States in 1937.

The first Bank of The United States was established in 1791 through the influence of Alexander Hamilton.

A person who weighed 100 pounds on earth would weigh about a ton and a half on the sun.

New York's Idlewild Airport, renamed the John F. Kennedy International Airport in 1963, opened on July 1, 1948.

UP...UP...AND AWAY--Mary Nunez is shown doing a flip on trampoline as children enrolled in the Cucamonga School District recreation program watch the performance. More than 100 boys and girls from

Cucamonga are enrolled in the program sponsored by the Upland Assistance League and the Ontario-Upland YMCA.

Debby's Diary

Dear Debby:

I need a suggestion on how to escape a trap of my own making.

I have always been a kind of a clown. Always the comedian and giving people a good laugh with some witty remarks. Each time I come around, I see a brightening of faces and the expectant look for some witty comment to issue from me that gets a good laugh.

Recently I fell in love with a gal and decided that I must tell her. So I rehearsed just how I would say it with intense feeling... putting the proper voice inflections in the right places for proper emphasis. When I had it down pat, I went around to this young lady to declare my love.

I walked in and there was that sparkling gleam in her eye of high anticipation of something terribly clever upcoming as

usual. But this time, in grave seriousness, I began delivering my touching little declaration. Everything came off perfect just as I had practiced. The resonance in my voice was just right; all the emphatic feeling emphasized on the right words just as I had rehearsed it; my voice trembling with emotion (according to plan) and what happens? She grasped her sides and laughed convulsively. I was flustered... wounded even!

How can I undo this image and show that I can be serious without bumbling it?

Always leaves them Laughing

Dear Always:

You obviously have worked hard to establish the image of the clown. The girl was smart enough to know your pro-

posal was rehearsed and thought it was phony. If you truly love this girl, keep on dating her. Actions speak louder than words. The next time you speak up you won't have to rehearse, your words will sound sincere and straight from the heart.

Dear Debby:

I am a girl of 21 and going to college. I have been living with two other girls now for the past two months. In order to make enough money to continue school and be independent, I have taken a job evenings as a topless dancer. I make good money and don't have to ask my parents for help. They are interested in what I am doing and keep asking about my job. I know that they wouldn't think it's the proper type of thing to do. One must use what attributes they

have to make the most money and I also find that this allows me more time to study. Should I tell them honestly what I am doing and let the chips fall where they may, or continue avoiding their questions, or lie to them.

Independent

Dear Independent:

You sound like a girl who knows what she wants and certainly old enough to know what you are doing. If the place where you work has a good reputation and you are not getting into trouble, you are earning your own way, so I don't think your parents can object too much.

If I were you I would tell them the truth and as you say, "let the chips fall where they may. Sometimes to deceive is worse than to tell the truth.

...about your SOCIAL SECURITY...

By Hugh B. Chapman
Pomona Dist. Manager
Social Security Administration

The 1967 Amendments made several important changes in the Medicare program. Today I would like to discuss one of these changes. If you were not aware of this change it could cost you money. It is the new time limit on filing your claims for payment of medical bills.

There are two methods of receiving payment for medical bills. First the assignment method, your doctor submits the claim directly to Medicare and payment is made to you on the basis of an itemized bill.

Before the 1967 Amendments there was no time limit on filing medical claims for doctor bills or other medical services. Either doctor or patient could submit a claim for

payment three, four or even ten years after services were furnished.

TIME LIMIT
The law now provides a time limit on filing claims for payment of physician's fees or other medical services. These claims must ordinarily be filed no later than the end of the calendar year following the year in which the services were furnished. An exception is made for services furnished in the last three months of any calendar year. Those expenses will be carried over into the following year for claims purposes.

This sounds terribly complicated and confusing so let me give you a few examples. If you went to the doctor in October 1967 and again in Decem-

ber 1967 you, or your doctor, would have to file a claim for benefits by 12/31/69. October, November and December of 1967 count as 1968 expenses, you see. 1968 expenses must be claimed by the end of 1969.

If you had medical bills any time in the period January through September 1968 the deadline for filing a claim is still December 31, 1969. However, any bills you have

in October, November, or December 1968 would have a deadline for December 31, 1970.

To review, any medical bills you had for the period October 1966 through September 1967 must be claimed by December 31, 1968. Any medical bills you had for the period October 1967 through September 1968 must be filed by December 31, 1969.

If you have any ques-

tions or if you need assistance in filling out the form to file a claim for Medical Insurance benefits contact the Social Security Office. We are located at 445 E. Holt Avenue, and our phone number is 986-2239. We are open from 8:30 a.m. to 4:30 p.m. Monday through Friday. We are also open on Monday evening from 4:30 p.m. to 7:30 p.m. to help those who cannot come in during our regular hours.

Melodyland Hosts Newhart

The buttoned down mind of Bob Newhart is coming to Anaheim. Bob Newhart has been signed to appear at Melodyland Theatre Friday and Saturday August 16 & 17.

Sharing the spotlight with Newhart will be singer Bill Medley. Medley, a former member of the Righteous Brothers is

making his first solo appearance in Orange County his home.

Three performances have been set for the duo, one Friday at 8:30 and two Saturday at 6:30 & 9:30 p.m.

Mail orders are currently being accepted for this attraction.

Ends the Battle

Now there's an automatic toothbrush dispenser to end the proverbial battle between family members who squeeze from the bottom and those who attack from the middle of the tube. Tooth-brushing will be more fun for children, too, with this handy stick-on-wall fixture. After the tube is screwed into the dispenser, a push-button releases the required amount of favorite toothpaste right onto the brush.

Stan Kenton's Clinic Slated

The University of Redlands, Conservatory of Developing Artists, has announced the third annual Stan Kenton Clinic for young musicians and music educators on their campus July 28 through Aug. 2.

Kenton, who was recently honored by the American Federation of Musicians for the important part he has played in helping young musicians become more proficient in contemporary music, will be in residence with his orchestra during the clinic.

Any musician who is 14 years of age or older, and who has had at least 12 months of formal training is eligible to attend. A fee of \$98.00 includes tuition, room and board; or for local students, \$65.00 tuition only. Music educators are welcomed at a special rate of \$49.00 for tuition, room and board.

Boy Scouts To Invade Picnic Hill

POMONA - Picnic Hill at the Los Angeles County Fair faces an invasion. Nearly 1600 Boy Scouts from 200 southland patrols will take part in a mass occupation of the fair's shady glen during the exposition's 17-day run, Sept. 13 through Sept. 29.

Warfare won't be their objective though. Scouts will demonstrate camping skills for visitors on the fair's three weekends, Sept. 13-15, Sept. 20-22, and Sept. 27-29. Camp sites will be open for public viewing between 10 a.m. and 3 p.m. and 6 and 10 p.m. on these dates. There'll be a shortage of invasion equipment, however. Patrols will be limited to what supplies they can carry in and will be judged continuously from their Friday arrival until their departure Sunday afternoon. Judging will be based on demonstrations, camp layout, cleanliness, personal appearances and behavior of patrol members.

Participation in scouting activities at the fair is open to councils from all parts of the state.

Building Trade Civil Service Exams Slated

Applications are now being accepted by the Interagency Board of U.S. Civil Service Examiners for an examination in the Building Trades.

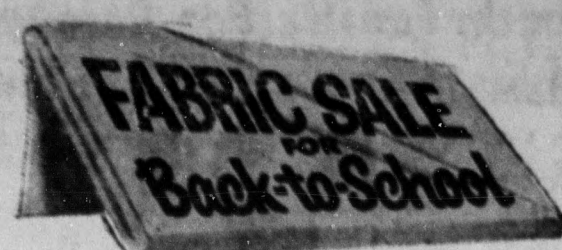

Typical positions to be filled from this examination include Carpenter, Electrician, Painter, Plumber and other jobs in related trades.

This examination will be used to fill jobs in many agencies of the Federal government in Los Angeles, Kern, Orange, Santa Barbara, San Luis Obispo, and Ventura Counties.

There will be no written test. Applicants do not need to have specific length of experience, but will be rated on their skills, knowledge, and abilities.

They must have had experience or training of sufficient scope and quality to perform the duties required at the level of which they are applying. Such experience may have included pertinent unpaid or volunteer work.

Interested persons should file their applications with the Interagency Board of U.S. Civil Service Examiners, 851 S. Broadway, Los Angeles.

Aerospace Job Cutback, Construction Recovery Main Influences On State Employment Picture

SAN FRANCISCO--The total number of California nonfarm jobholders continued to grow in the first half of 1968 at about the same pace as in 1967 despite this year's cutback in aerospace jobs, and the earnings of workers were well ahead of a year ago. The Department of Industrial Relations reported these and other highlights recently in a midyear review of the economy.

Nonagricultural Employment
This year's downturn in aerospace employment and recovery in the construction industry were main influences on the employment picture, according to Albert C. Beeson, Department Director.

Total nonfarm wage and salary worker employment averaged a record 6,481,000 in the January-June period, up by about 233,000, or 3.7 percent, from the first-half average of 1967. The percentage gain scored in January-June of last year over the comparable period of 1966 also was 3.7 percent. The over-the-year growth rate for all of 1967 was 3.5 percent.

This year, all of the major industry categories participated in the job growth from a year ago. Government, spurred by continuing expansion in public school staffs, was leader among the industries by averaging close to 64,000 more jobs than in the first half of last year. In second spot was services, with 47,000 more jobs than a year ago, followed by trade, up by 45,000. These increases in government and services, however, were smaller than those chalked up between the first 6 months of 1966 and 1967. Manufacturing was relegated to fourth spot in size of over-the-year gain in the January-June 1968 period, after ranking second--close behind government--in the 1966-67 measurement of employment growth. The 32,000 gain in manufacturing between the first half of this year and that of 1967 was somewhat less than half of the growth in factory jobs between the comparable 6-month periods of 1966-67.

Expansion in manufac-

turing employment slowed this year chiefly because of the downturn in the four-industry aerospace complex (electrical equipment, aircraft, missiles, and instruments) that began in January. While employment in the complex during the January-June period averaged above the first half of 1967 by 3 percent, this increase was considerably short of the nearly 11 percent gain in aerospace in the 1966-67 comparison.

The about-face in the behavior of employment in the construction industry played a major role in offsetting the slowdown in manufacturing as well as in some of the other categories, Beeson noted. In the course of the first half of 1967, the construction workforce had shrunk to its lowest level in more than a decade, and the half-year average was 50,000 below January-June 1966. As 1967 closed, however, construction employment began to pull ahead of the prior-year level. A slow-paced recovery continued throughout the first 6 months of 1968, during which the industry averaged 23,000 more workers than in the first half of 1967.

Earnings and Hours
Earnings of production workers in California manufacturing firms averaged higher than ever before during the first half of this year, according to Beeson, and the workweek length remained the same as in the first 6 months of 1967.

Hourly earnings in manufacturing reached \$3.41, a rise of 16 cents over the comparable 6-month average a year ago. Factory workers averaged a workweek of 40.2 hours, unchanged from the first half of last year. Overtime in manufacturing (excluding canning) remained at 3.1 hours a week per production worker, the same as last year.

As a result of the boost in hourly earnings, average weekly earnings in manufacturing moved up to \$137.08, a gain of \$6.43, or 4.9 percent, from the comparable 6 months of 1967. Between the January-June periods of 1966 and 1967, weekly earnings

had increased by 2.0 percent.

In addition to record earnings among manufacturing production workers, earnings of non-supervisory workers in the nonmanufacturing industries for which data are compiled also reached record averages in the first half of this year. With a few exceptions, workweeks among these industries averaged either the same or shorter than in the comparable 1967 period.

Bob Hope Show Tickets On Sale

Tickets for the Big All-Star-Bob Hope Show for the USO, scheduled Aug. 10 at Anaheim Stadium, go on sale starting Monday, July 22, at the ball park box-office.

Tabbed at \$2.50, \$3.50, \$5.00, \$7.50 and \$10.00, they're a bargain at any price, for where else could a person see Rapid Robert, Ann-Margaret, Jimmy Durante, Danny Thomas, and a dozen more such great entertainers all at one time on the same stage. And live too, not a moving

picture, as Bob would appear. Also just signed for the mammoth variety bash, are Rosie Grier, the Ram's fabulous linesman, and songstress Rosemary Clooney. Rosie is no mean vocalist himself and when he's not busy tossing the Rams' opponents around, he can be found making appearances. Miss Clooney, who won fame with her recording of "Come Ona My House," will soon retire; her performance at the Anaheim Stadium for Bob and the USO, may

perhaps be her last public appearance.

The USO is Bob's favorite project; he's been touring for the organization for some 25 years, unstintingly giving of himself and his considerable talents for perhaps millions of battle-weary lads far from home. The USO needs cash to continue carrying out its good work.

Tickets are also on sale by mail. Checks or mail orders are accepted and can be sent to P.O. Box USO, Anaheim, Calif.

March AFB Slates Rodeo Sept. 21,22

MARCH AIR FORCE BASE -- Bucking broncos and high kicking bulls will upstage the mighty B-52s when March holds its third annual "Salute to California" Rodeo September 21 and 22.

The two-day event is March's way of saying thanks to California and the surrounding communities for their support of military personnel. Social activities for the outstanding event will include barbeque dinners, dancing

and other fiesta happenings.

The rodeo will be conducted under the auspices of the Rodeo Cowboy's Association.

Expected to compete for national title points are some of the top veterans on the professional rodeo circuit. The slate will include saddle bronc, bareback and bull riding as well as calf roping, bull-dogging and team roping events.

Early Notes, Coins At Pomona First in Upland Fascinating

A glimpse into the early history of the West End through a collection of old bank notes and coins is offered by the Upland office of Pomona First Federal Savings and Loan Association.

The bank notes are signed by pioneer bankers of Upland, Cucamonga, and Ontario who lived here at the turn of the century. The money is part of a collection of nearly 100 certificates, coins, and "shin plasters" issued during the Civil War.

The display will remain at the Upland office for the remainder of July and part of August, according to Orville Garrison, vice president and manager of the branch.

Many of the signers have families in the West End who continue the tradition of community leadership characterized by the early settlers.

They include Charles V. Barr who used to sign notes in the 1900s with Harlow S. Wilson for the First National Bank of Upland. Mr. Barr is the father of Allan Barr, current president of the bank. Another notable is Oscar Arnold who, with George N. Knox, used to sign notes for the First National Bank of Ontario. Mr. Arnold's son, Ralph V., is now chairman of the board of the same

bank. A third signer for the bank, as shown on the notes in the display, was H. E. Swan.

Other notes and signatures include those of the Commercial National Bank signed in 1909 by cashier Harold Moore and president Earl Paul; the First National Bank of Cucamonga, represented in 1902 by G. M. McCorkle, cashier and H. C. Wentworth, president; a 1911 Ontario National Bank note signed by N. E. Trautman, cashier and George A. McCrea, president; and a 1929 series of Citizens National Bank note signed by Wilmer White and Howard R. Berg.

The display takes the viewer back to the times when each bank issued its own paper money, provided it had enough security to back up the claims. The unsigned certificates were bought from the U.S. Treasury. They became negotiable as soon as the bank officials affixed their signatures.

Distribution of paper money was later given to the U.S. Treasury exclusively to eliminate confusion which resulted from the hundreds of different types of bank notes. The exhibit is owned by Pomona First Federal Savings and Loan Association.

Derby Trials Set For Los Alamitos

Los Alamitos focuses on three-year-olds this weekend when the best three-year-olds currently racing at the Orange County track clash in the Derby Trials Saturday. Besides the Trials, two-year-olds will race in the \$8,000 Jet Deck at 350 yards, while the headliner Saturday will

be the \$8,000 Shue Fly for three-year-olds and up going 350 yards.

Thirty-three sophomores were nominated to the Derby Trials, the nominations closing July 20. The fee to be nominated was \$100 per horse, and to start in the Trials, an additional \$400 must be paid.

Costume Display At L.A. Museum

Minimum Wage Rate Retained

LETTERS to EDITOR

Exquisite children's clothes from the turn of the century are now on exhibition in the Costume and Textile Gallery of the Los Angeles County Museum of Art.

Exhibited in a Victorian setting, the installation was chosen from the Museum's extensive Costume and Textile collections.

Elegant and tasteful, fur-trimmed and hand-embroidered, simple and elaborate, the costumes range from girls' taffeta afternoon dresses to

plush velvet coats and exquisite Valenciennes lace party dresses. Costumes for boys in the exhibition include a brown velvet suit with mirrored glass buttons, a cream-colored serge suit and crisp white pique dress.

The installation, one of many scheduled for the Costume and Textile area of the Ahmanson Gallery is part of a newly implemented program to present constantly changing examples from the Museum's collections. The Costume and Textile

section of the Los Angeles County Museum of Art has an important collection comprised of many prime examples from all periods, eras, and designers, and is in constant use by scholars for research and study.

Located on the Fourth Floor of the Ahmanson Gallery, the installation will be on view until August 11.

Los Angeles is reported to cover a larger area than any other city in the United States.

At its meeting on July 23, 1968 the Industrial Welfare Commission continued the \$1.35 minimum wage rate for student workers with no limitation on the number hired at this rate but restored the February 1, 1968 regulations regarding overtime pay for boys or girls under 18 years of age who work over 40 hours on the sixth day and the definition of a student worker.

This action repealing the emergency regulations adopted in May for 11 of the 14 Industrial Welfare Commission Or-

ders will go into effect September 24, 1968. On that date boys or girls under 18 years of age who work more than 40 hours must receive overtime pay for work on the sixth day, and student workers are defined as boys under 18 and girls under 21 years of age who are enrolled in an educational institution and employed part time or when school is not in session.

The action of the Commission will not affect Order No. 5, the Public Housekeeping Order (hotels, motels, restaur-

ants), or Order No. 10, the Amusement and Recreation Order (motion picture theatres). In those industries boys or girls under 18 years of age may work up to 48 hours with no overtime on the sixth day. Student workers are defined as boys under 18 and girls under 25 enrolled in high school, junior college or college.

The Commission also voted to send notices to interested persons requesting them to submit names of people to serve on a wage board for domestics.

Dear Editor:

Neurotics Anonymous thanks you for the fine coverage you afforded it in your papers. The initial response was no less than excellent and calls keep coming in every day. Our first meeting was a huge success.

Dear Editor:

We thought it was a good idea to send you this letter because we count on your help and on the cooperation of your newspaper to reach your readers with our Brazilian message of friendship.

We, the INTERNATIONAL FRIENDS, are hundreds of Brazilian people of both sexes, of all ages and professions, who have created an International Correspondence Club some months ago. Through correspondence with foreign friends, we intend to exchange ideas and knowledge, to promote better understanding among people from different countries, to obtain more stamps and viewcards for our collections, to exchange newspapers and magazines, to be better informed about other countries and to help foreign people know our country better.

We started our activities by sending a letter like this one to the most im-

portant newspapers in South America. In a few weeks, we received more than 17,000 letters from every single country in this Hemisphere, from Mexico to Argentina.

However, most of our members would like to have friends in other continents. From Haiti, Bolivia, Panama, Mexico, Venezuela, Colombia, Peru, Chile, Brazil, Uruguay and Argentina—just to name the countries where we have more than a thousand members—we receive frequent requests of names and addresses of American penfriends.

This is, so, the aim of this letter. On behalf of our members, we beg you the very special favor of printing our invitation to your readers who have an interest in communicating themselves with our members in Latin America.

Your interested readers may send to us their name and complete address, sex, occupation, languages that they can read and write well, and their preferred hobbies. They can write in English, French, Italian, Portuguese or Spanish—since we can deal easily with these languages. As soon as we receive their names and addresses, we will distribute them to our members who eagerly want penfriends in the United States.

POMONA 2301 WEST VALLEY BLVD.

Don't Be An Exit Crab You Could Be In Trouble

Don't be an "exit crab," advises the Institute for Safer Living. Crabs go into reverse when they face danger, but a driver who goes into reverse on an expressway is asking for disaster.

The logic of what the crab does by instinct is readily understood when you observe the way this crustacean is put together. Backing action is necessary for survival. The expressway driver who misses his exit, stops and needlessly backs into the face of high speed approaching traffic certainly makes less sense and is more difficult to understand.

Be crabby if you like, states the Institute for Safer Living of the American Mutual Liability Insurance Company, but don't be an expressway

"exit crab." Always know your route and your exit point before you get on an expressway. While on the fast-speed road know your exit number and obey lane usage signs. This way you will seldom miss an exit.

If you do miss an exit, accept the fact that you have and go to the next one. It may take a few extra minutes to get there, to cross over and come back, but it could save a life and that life might be your own.

Crabbing about the inaccuracy of maps or the inaccuracy of road markings may help to correct these problems according to the insurance company but never try to "crab" an exit.

Charity Ball To Benefit Children

A Charity Ball which will be held at The Volksgarten to raise funds for retarded children was announced recently by Dr. George Haynes, Grand Commander of Aben Zor Caravan of the International Order of the Alhambra.

Dr. Haynes stated that the ball, which is open to the public, will be held on October 5th and that all proceeds from the ball will be donated to the Retarded Children's Association of San Gabriel Valley. The announcement was made simultaneously with the presentation of a \$100 check to Fred Reis, Vice President of the Retarded Children's Association. Help for physically or mentally handicapped children has long been a goal of the Order of the Alhambra and the local Caravan has pledged their continued support to the Retarded Children's Association of San Gabriel Valley. Aben Zor Caravan draws its membership from the San Gabriel Valley, Pomona Valley

and Whittier areas.

Fred Reis, the Vice President of the Association, explained that they have been active since 1955 and now have four centers in the Valley. The centers are located in San Gabriel, Covina, Monrovia and La Puente. The Association is a non-profit parent-cooperative with the purpose of training and educating mentally retarded children who are not acceptable in public schools. The Association recognizes that these children have special problems needing special education with the personnel displaying particular empathy for the retarded. The children are taught practical concrete things to help give them individual acceptance and social adjustment as well as academic training within their natural limitations. Reis said that those desiring information regarding the Association could contact the office at 529 South Second Avenue, Suite "C", Covina, Calif. 91722—Phone: 332-9517.

KEEP THE FETE, BABY!

More than ever before you've got to see it to believe it—the excitement, fun and action at the great Los Angeles County Fair in Pomona, Sept. 13 through Sept. 29 this year.

IT'S FOR THE BIRDS

Exotic, foreign and cage birds division of Los Angeles County Fair, Sept. 13-29, is one of the largest in nation and in variety and number of entries.

Garrick Players Set Ambitious 9th Year

Garrick Players, now entering their ninth year as a community theater group, have a new board of directors planning their next season: Jack McKenzie, Ontario, president; Clark Marshall, Upland, vice-president; Pat Olchawa, Ontario, corresponding secretary; Sandi McKenzie, treasurer; Pat Breymann, Alta Loma, and Don Batten, Montclair, members at large. Beginning the new year will be a Variety Show, directed by Jack McKenzie, popular local entertainer and leader of The Executives, dance combo.

Tryouts for any act of the type in a vaudeville show will be held August 5, 6, and 7 at 7:30 at The Castle, C and Lemon, Ontario.

The Variety Show will run two weekends, August 16, 17, and 23, 24, beginning at 8:15. Garrick Players began in 1959 as Theater Six, rehearsing at Upland High School and presenting their plays at Merton Hill Auditorium.

After becoming Ontario-Upland Productions, they used the Montclair High Auditorium, then in

1962 became the Garrick Players, honoring the English actor and director who used the curtained stage.

They have since performed at Alta Loma High Auditorium and Upland Womens Club, then in 1967 leased an old church building at C and Lemon in Ontario.

Through much member labor, the building has become The Castle Theater, with seating for one hundred twenty-five patrons, a large reception room, dressing rooms, kitchen, and construction space. Garrick Players is an incorporated non-profit corporation, using local talent, all volunteer, for directors, actors, stage hands, and public relations. The productions are supported by attendance and member services. Last year Garrick Players presented nine plays, each running for six performances.

To help cover the expenses involved in renovating the building, a rummage sale is being held at The Castle, August 1, 2, and 3, from 9 to 7 each day.

Christensen Up In Arms Over Merit System Defeat

Jim Christensen, Upland City Councilman and GOP candidate in the 72nd Assembly District, recently called the Assembly's rejection of the proposed Merit System for Judicial Appointments "a serious blow to our fight against rising crime." This proposal was designed to upgrade the quality of judges by removing their appointments from the realm of pure politics. "It would have eliminated the kind of political pay-offs we saw during the lame duck phase of Pat Brown's term of office. Brown appointed more than 90 of his old cronies to judgeships during his last few weeks in office," Christensen stated.

"The problems of law and order, crime, teen-

age drug abuse and campus insurrection are all too well known to every citizen," Christensen continued. "Part of the solution to these problems is in getting a higher quality of men into the courts as judges who then decide what is to be done with the violators," Christensen added.

"How the Democrat-controlled Assembly Judiciary Committee could vote down a proposal to upgrade our judicial system is beyond me," Christensen concluded. The measure had been sponsored by the Reagan Administration, the California Bar Association, and a number of other legal and civic groups. It had wide bi-partisan support, but was killed in the Assembly Judicial Committee.

Garcia Appointed Kaiser Sharing Plan News Editor

Michael A. Garcia has been appointed editor of Long Range Sharing Plan News. It was announced by Robert S. Anderson, division superintendent, Industrial Relations, Kaiser Steel Corporation, Fontana.

In addition to editing and publishing the monthly Sharing Plan newspaper, Garcia will be responsible for originating and administering various communications programs about the Kaiser Steel-United Steelworkers Long Range Sharing Plan for both Kaiser Steel employees and the general public.

Garcia joined Kaiser Steel in 1962, working full time as a senior statistical clerk in Industrial Engineering and simultaneously attending college. Following two years at Riverside City College, he transferred to California State Polytechnic College in Pomona where he majored in journalism and received a bachelor of science degree in language arts.

A native of Pawnee, Oklahoma, Garcia was educated in Parker, Arizona. He resides in Ontario.

Community Theatre Presents Awards For Performances

Valley Community Theatre announces its cast for the special summer production of "Everybody Loves Opal," directed by Harriett Weiss. This is the first production of the 1968-69 season.

The cast will be: Opal: Sandee Gilliland (Pomona); Gloria: Marge Dayton (West Covina); Brad: Andy Caddes (Claremont); Sol: Casper T. Gee (Pomona); Doctor: C. Mack Gilliland (Pomona); Policeman: Jerry Arki (Pomona).

"Everybody Loves Opal" is a travesty on the crook unable to pull off the crime theme. It is a comedy about a gang of crooks (they produce bathtub chandeliers) who plan to "do in" a rather eccentric lady junk collector in order to collect her insurance. Many hilarious faux pas occur before the dramatic conclusion of the play, including several disastrously unsuccessful murder attempts.

"Everybody Loves Opal" opens August 1. Ticket reservations will be available in the near future.

Irish Linen Decorates The Kitchen

Treat your kitchen to a colorful and exciting new look with the help of Irish linen. Irish linen has adopted modern ways with bold colors and prints, both in place mats and towels.

Live up your snack bar by setting it with brightly colored Irish linen place mats with contrasting brightly colored napkins. For an especially dramatic effect, use a third bright color in earthenware dishes that are so right for casual dining.

In a mood for still another look? Try coordinated prints on Irish linen — sophisticated scroll patterns or casual stripes and checks. The trick to this decorating idea is to repeat the print in all of your kitchen accessories — place mats, towels, and the new oversized towels that come with a dowel for easy hanging on the wall above your snack bar. The handy housewife can easily sew up a pretty matching apron from an extra kitchen towel.

Western Begins 737 Service To Ontario-Palm Springs

Ontario and Palm Springs greeted America's newest jetliner, the Boeing 737-200, when Western Air Lines inaugurated service from Reno, Sacramento and Los Angeles to Ontario, and from Oakland, Los Angeles and Ontario to Palm Springs last week.

Additional flights are also scheduled to other California and Nevada communities. The new short-haul jetliner will replace Electra prop-jets now on the routes.

Ontario and Palm Springs are among 10 cities in California and Nevada to welcome the new twin-jet. Others besides the above include Long Beach, San Diego, San Francisco and Las Vegas.

The first 737 flight to Ontario arrived at 12:28 p.m. Thursday, while Palm Springs welcomed its first flight on the 737 at 5:37 p.m. the same day.

"The new Western 737s inaugurating service here are among 30 ordered by Western from The Boeing Company for delivery in the next 12 months," said Robert S. Cheadle, Ontario-Palm Springs district sales manager.

"We anticipate that the 737 will be only the beginning of Western Air Lines' faster, improved service to this district," Cheadle added. "The additional aircraft on order will enable us to expand our service to and from these cities in the future."

Western's 737s are the long-bodied version known as the 200 series and carry 107 passengers. They are powered by two 14,500 pound thrust Pratt and Whitney JT8D-9 turbo fan engines recently certified by the Federal Aviation Administration.

for the 737. The engines increase the jetliner's total available power by 1,000 pounds thrust over similar power plants, more than 2 1/2 times the total thrust horsepower of the four-engine airplane it replaces.

Aboard the 737, passengers sit in the same wide fuselages as in the larger Boeing 707, 720, and 727 jetliners and enjoy luxurious, pleasant decor. An electronically-controlled cabin pressure system—first of its kind—requires little attention by the crew and provides unparalleled passenger comfort at all altitudes.

As a result of intensive studies, Boeing decided on an underlying location for its JT8D-9 engines, resulting in a considerable saving in structural weight. It has a large passenger section for a specific fuselage length, better balance characteristics and easier maintenance as engines may be serviced with ease by a mechanic standing on the ground.

The new aircraft has a cruising speed of 525 miles an hour, with a maximum speed of 580 miles an hour. With all its jet-age sophistication, the 737 lands as slowly as earlier piston-powered airlines.

In addition to the 737s, Western is taking delivery of five Boeing 707-300C series intercontinental four-engine jets and six 727-200 tri-jets in the coming months. WAL announced that other services will be added as aircraft are delivered. Western plans to provide through plane service in 1969 from Oakland, Long Beach and Ontario to Portland, Seattle-Tacoma and Salt Lake City, and from Oakland to Denver, Long Beach to Las Vegas, and Ontario to Sacramento.

Ask Barbara

by Barbara Thompson

PROTECTING EYES IN THE SUN

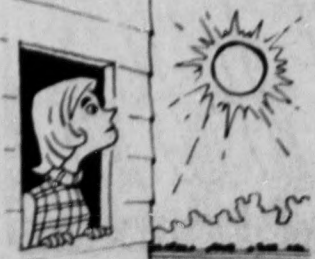

Is too much sunlight harmful?

Yes, glare from the sun, can be very tiring and even painful. According to the American Optometric Association, light rays can "make the eyes feel hot

and dry, and can result in painful and, in extreme cases, serious injury to the delicate tissues of the eye."

To protect your eyes from the sun, select your sunglasses carefully. Not all sunglasses are the same. The lenses in Cool-Ray Polaroid Sunglasses, for instance, have a unique molecular structure that blocks out 99.99% of the harsh reflected glare. They also eliminate 96% of the dangerous ultra-violet light, leaving your eyes cool and comfortable.

If you do go out unprotected, your eyes may wind up doing a slow burn!

OFF-BEAT

TO GET A
GOOD JOB ...
GET A GOOD
EDUCATION

An Open Letter to a Discouraged Youngster

Dear Kid;

Today you came to me for a job. From the look of your shoulders as you walked out, I suspect you've been turned down before, and maybe you believe by now that kids out of high school can't find work.

But, I hired a teenager today. You saw him. He was the one with polished shoes and a necktie. What was so special about him? Not experience, neither of you had any. It was his attitude that put him on the payroll instead of you. Attitude, son. A-T-T-I-T-U-D-E. He wanted that job badly enough to shuck the leather jacket, get a haircut, and took the time to find out about my company. He did his best to impress me. That's where he edged you out.

You see, Kid, people who hire people aren't 'with' a lot of things. We know more about Bing than about Ringo, and we have Stone-Age ideas about who owes whom a living. Maybe that makes us prehistoric, but there's nothing wrong with the checks we sign.

Ever hear of "empathy"? It's the trick of seeing the other fellow's side of things. I couldn't have cared less that you're behind in your car payments. That's your problem. What I needed was someone with enthusiasm who'd keep his eyes open, and work for me like he'd work for himself. If you have even the vaguest idea of what I'm trying to say, let it show the next time you ask for a job. You'll be head and shoulders above the rest.

You know, Kid, men have always had to get a job like you get a girl. Case the situation, wear a clean shirt, and try to appear interested. Maybe jobs aren't as plentiful right now, but a lot of us can remember when master craftsmen walked the streets. By comparison you don't know the meaning of "scarce."

You may not believe it, but all around you employers are looking for young men and women smart enough to go after a job in the old-fashioned way. When they find one they can't wait to get him on their payroll.

FOR BOTH OUR SAKES, GET EAGER, WILL YOU!

Camp Fire Girls To Have New Look With New Uniforms

Camp Fire Girls will have a "new look" in September, when new costumes, new materials and new styles are introduced. All fabrics are 65 per cent Dacron and 35 per cent cotton permanent press. Girls may continue to wear the costumes they now own, but new girls entering the program will be able to buy only the new style.

For Blue Birds, a new jumper with a red front top will replace the fa-

miliar weskit and skirt. An elastic band across the back will make it adjustable for size. The new blouse, also permanent press Dacron and cotton, is specially treated to resist stain.

Camp Fire Girls will have a redesigned skirt with the crossed legs and flame insignia embroidered on a tab that can be tucked inside the belt if the skirt is worn on other than Camp Fire occasions. The blouse of

Dacron and cotton is stain resistant. A jaunty wool beret replaces the Camp Fire beanie.

Junior High Camp Fire Girls will have an all-new costume of Air Force blue. The skirt has a yoke front, an inverted pleat below the yoke and a side slash pocket. The tab can be tucked into the waistband. A new wool felt hat in matching blue completes the costume.

The Horizon Club skirt is also Dacron and cotton,

with a tuckable tab. The wool flannel blazer has been restyled, and a smart new Camp Fire blue wool felt hat completes this costume.

In late July, leaders will receive a packet of new catalogs describing these and other new items.

Children's Home Society Asks For Adoptive Parents

BABIES, BABIES, BABIES - Healthy, Caucasian infants are much in demand and move quickly into their adoptive homes, yet Children's Home Society reports the supply of babies available is greater every year. CHS clinic volunteers give loving care and attention to these babies who are waiting for their physical examination by the agency's staff pediatrician. Infants with Caucasian backgrounds and no legal, medical or religious complications are generally in their adoptive homes before the age of three months. Families who adopt through the statewide adoption agency find the process a quick and comfortable one and usually have their son or daughter within six months of application. Principal requirements are a stable marriage, the capacity to love as your own a child born to another, and the ability to provide for an additional family member. Children's Home Society welcomes inquiries from families interested in adoption. Offices are located in Los Angeles, West Los Angeles, Long Beach and Van Nuys.

Seventeen children who are waiting for adoptive families were introduced recently to Los Angeles County news media by Children's Home Society of California, statewide adoption agency with local offices in Los Angeles, West Los Angeles, Van Nuys and Long Beach. Each of the children has been designated as "special" because of age, a medical problem, or mixed or minority racial heritage. The Society is seeking adoptive parents able to meet the "special" needs of the individual child.

Able to communicate their own longing for an adoptive family were Phyllis, 9, and Nancy, 7, sisters, who are full orphans following the tragic deaths of both parents. A court order has committed them to Children's Home Society for adoptive placement with parents able to help them build a new life.

Introducing Phyllis and Nancy was their social worker, Miss Silda Covington, who said that the girls have had several months to adjust in a temporary foster home. "But they are now impatient to begin their new lives with their adoptive family," Miss Covington stressed.

Phyllis was characterized by Miss Covington as "loving to test the adults around her. She can be alternately argumentative, provocative or enchanting. Phyllis is still considerably depressed on occasion over the deaths of her parents and will probably need some psychotherapy with her adoptive family."

Nancy is a conscientious student and adapts well in almost any situation. "Although she per-

mits Phyllis to take the center of the stage a good deal of the time," said Miss Covington, "Nancy quietly moves in for her share of affection when she's ready."

The family adopting Phyllis and Nancy will need to be relaxed and sufficiently mature to accept the girls' already developed personalities, Miss Covington explained. "They must be able to give love abundantly and wait until it is returned spontaneously."

Children waiting for adoptive families accepting of their Caucasian - Negro background were Stephanie, 9 months; William, 4 months; Marcy, 5 months; and Steven and Michael, both 9 months. The children range in skin tone from pale olive to golden bronze.

Medical problems have delayed the adoptions of Mike, 2 months, and Dede, 5 months. Mike was born with a cleft lip which is fully correctible with cosmetic surgery that he will need in a few months. Dede wears a temporary hip brace which is expected to enable her to walk correctly.

Children's Home Society hopes to find Catholic homes for Martin, 3 months, and Linda, 2 months. Mrs. Helen O'Neil, director of the Society's Los Angeles District, said that many natural parents served by the agency elect to have their children placed in a home of any religious denomination. Both Martin's and Linda's mothers requested CHS to seek Catholic homes for their babies.

Full Negro children needing adoptive homes are Garry, 15 months, and Eddie, 5 months. Garry's mild nystagmus

(involuntary movement of the eyeball) has been corrected by blue-framed glasses that give this happy toddler the nickname of "The Professor." Eddie, born prematurely, has recovered from hernia surgery and is in excellent health.

Alice, 5 months, is an infant, Miss United Nations. Her Portuguese background includes American Indian, English, Greek, Italian, Negro, Portuguese and Scottish. An "all-nations" little boy is Warren, 12 months, whose heritage includes Mexican, Spanish, Filipino, German and Indian. Mrs. O'Neil said that Warren's infectious personality and inquisitive nature have won him many friends but, as yet, no family.

Two half-American Indian baby boys, 2 months old, are waiting for a home of any religious denomination. Both Jimmy and Johnny, who look like brothers, are healthy, husky, outgoing babies.

Healthy Caucasian infants, who are much in demand and move quickly into adoption, were also presented. Mrs. O'Neil said that these children, with no legal, medical or religious complication, are generally in their adoptive homes before the age of 3 months. Last year they represented 89 percent of the 1,820 children placed by the Society.

Mrs. O'Neil invited families interested in adopting the "special" children or the newborns to call their nearest Children's Home Society office. Principal requirements are a stable marriage, the capacity to love as your own a child born to another, and the ability to provide for an additional family member.

'Up With People' Show At Starlite Patio Theatre

Sing-Out West End's "Up With People" show will be the main feature at the Starlite Patio Theatre in the Montclair Civic Center, Benito and Fremont Avenues, Montclair, Tuesday, August 6, at 8 p.m. The program is open to the public, admission free.

One of more than 160 regional Sing-Out America Groups, involving some 10,000 youths nationwide, Sing-Out West End has a membership of over 100 youthful singers who are dedicated to the purpose of "setting a new generation on the move to build a better world."

Sponsored by Moral Re-Armament the group is made up of all races and creeds who protest the negatives of society through a positive program which uses music as a vehicle for its message.

Laurel Reeder, musical director of the group, which includes singers from the entire Pomona Valley, describes the music as varied but definitely "upbeat."

The group has appeared previously this season at

National Orange Show, Disneyland, and the Youth Training Center, and are booked for the Los Angeles County Fair this fall.

Soloists performing on the program include: Henry Layne of Alta Loma, Marty Cavin and Jane Rogers of Chino, and Donna Littleton and Ginie Mahinay of Ontario.

The prefeature program will feature excerpts from Alvessa Sutton and Rock Wrigley's Hawaiian Follies and Gaslight Galleries of 1968, comedy variety shows with music by Bertha Pratte, produced earlier this year by the Women's Guild of the Pomona Valley Church of Religious Science.

Performing in the skits will be Wallis Cornford, Connie Fisher, Charles Boyd, Serge Semnoff, Louise Sides, Pat Isenberg, Alvessa Sutton, Maxine Brown, La Rae Shaw, Doris Emerick, Ruth Davis, Ruth Green, and Cheryl Gordon.

Intermission soloist will be clarinetist, Edward Merrill, solo clarinet of the Pomona Concert Band.

Dave Montgomery, of Ontario, leading a chorus of the song, "Up With People."

Letters written by James A. Garfield before he became President are readily obtainable, but the few letters he wrote personally during his six months in office are rare and valuable.

There are an estimated 200,000 New York City residents involved in the use of drugs, and 100,000 are narcotics addicts, according to the city's new Addiction Services Agency.

The Grand Banks, a part of the Atlantic continental shelf, extend about 350 miles off the southeast coast of Newfoundland. The Banks cover some 147,000 square miles.

'Sam,' 'Emma' Join Cal RTD

"Sam" and "Emma" today joined the ranks of Southern California Rapid Transit District's services for the Southland public.

"Sam" is Silent Alarm Module.

"Emma" is Emergency Message Alert.

Combined, the two will insure greater on-time performance for RTD's buses traveling Los Angeles area thoroughfares, at the same time insuring instant communication with law enforcement agencies in the event of public transit holdups and other emergencies.

Los Angeles Police Chief, Thomas Reddin,

and Los Angeles County Sheriff, Peter Pitchess, joined Transit District and bus-driver union officials as the District completed installation of the first 200 of the silent alarms and two-way radio units.

McKay cited these other advantages of "Sam" and "Emma" for the community:

--Daily bus service can be maintained at peak efficiency with two-way radios by enabling RTD's Dispatch Center to immediately alert bus operators of freeway signalers, surface street traffic jams, fires and other potential schedule upset-

ting situations.

--Two-way radios will permit passengers losing articles to locate the items more readily.

--Assurance that any required emergency aid will find assistance only minutes away.

--Two-way radios will permit RTD bus operators to alert police and firemen of sudden emergencies--anywhere along their route.

The new units are manufactured by Radio Corporation of America and, combined with a new Dispatcher Center under construction at the RTD's facilities at 16th and San Pedro Streets,

SAFEWAY

HAPPINESS IS -- Young Ricky Nordyke reassures black pup, "Champ," who'll have his day at a San Bernardino County Fair classic, the all-mutt, all-kid show on Labor Day, Sept. 2 at Victorville. Dogs with pedigrees won't be admitted.

Valley Theatre

Valley Community Theatre announces the sale of season tickets for its 1968-69 season, opening August 1 with the Harriett Weiss production of "Everybody Loves Opal."

Season tickets will be good at any time during the season for seven performances.

Other productions scheduled for this year are "Barefoot In The Park," "Never Too Late," "The Caine Mutiny Court Martial," "Any Wednesday," "Dial 'M' For Murder," and "The Odd Couple."

Season tickets are \$15, which includes theatre membership. Membership alone is \$3. Patron memberships, which include a season ticket, are \$30.

Further information is available and season tickets may be purchased by calling Ted Evans at 628-7060 or by calling the theatre at 622-6954.

AWARD WINNERS in Euclid Avenue Camera Club's annual competitions included three Upland residents. Left to right, Lawrence Gilkerson, Mrs. Arthur (Ruth) Pehl, and Howard A. Cramer.

Milliken Avenue To Connect Freeways

A 2.4-mile section of Milliken Avenue in Riverside and San Bernardino counties that connects the Pomona (Route 60) and San Bernardino (Interstate 10) freeways will become part of Route 31 on August 1, the California Highway Commission decreed recently.

The Commission's action will have the effect of extending the existing Route 31, which begins at route 91 near Corona, northerly to east of Ontario.

The Highway Commission may place city and county roads in the state highway system if such action extends a route toward a terminus established by the Legislature.

The Legislature has set the path of Route 31 as between "Route 91 near Corona and Route 15 near Devore, passing near Milliken Avenue at its junction with Route 10."

Prior to being declared a state highway, such a thoroughfare must be brought up to adequate standards by the local jurisdiction before the Commission will accept it. This section of Milliken Avenue, although partly in Riverside County, was improved to such standards by San Bernardino County.

All of Route 31 is on the State Freeway and Expressway System and will eventually be constructed on new alignment as multi-lane freeway.

Here is your VISA to beautiful downtown Venice!

New special savings book! It's your passport, or passbook to planes, trains and all the ships at sea.

You could be in that gondola sooner than you think, if you open a VISA program with us now. VISA — that's our Vacation Insured Savings Account, and only Claremont Savings has it.

Open a VISA with as little as \$5 and add to it regularly. Or start with a lump sum and add to that. You'll get bonus travel time on your trip. For example, a thousand dollars with us for one year earns you enough for two or three extra days in London. Or the first-class rail fare from Athens to Vienna, say. Or an air tour of the Hawaiian Islands. Interest mounts fast at Claremont Savings.

We have other little goodies for you, too. Travel tips and news, plus fascinating exhibits to bring out the wanderlust in you. We'll even convert your VISA funds free to travelers' checks.

We love having you drop in and see us, but we want to see you go places, too. Arrivederci!

5%, when compounded daily and held for a year, yields 5.13% annually. 3-year Certificates, in multiples of \$1,000, pay 1/4% above our current annual rate. Funds received by the 10th of the month earn from the 1st. You also earn from date of receipt to date of withdrawal on funds held 3 months or more when a balance remains at quarter's end.

Navy Lab Made Breakthrough Of Optometrics Retired Vets Losing Money

What the two discoverers think may be the most important contribution to the field of optometrics in 100 years has been reported at Naval Electronics Laboratory, San Diego, California.

Dr. Carroll T. White, an experimental psychologist in NELE's Human Factors Division, and an associate, Dr. M. Russell Harter, also a psychologist, have found they can diagnose the exact amount of nearsightedness, farsightedness, or astigmatism in a subject's vision through the use of a computer which records brainwaves.

Specialized computers for biological and medical research have been developed which have made it possible to record the response of the human brain to stimulation through any of the senses.

The White-Harter discovery indicates that the need for verbal responses which are necessary in present methods of determining defective vision may be eliminated.

The change in electrical energy created by the brain in reacting to a stimulus is called evoked response or evoked potential, according to the two men. This energy is in the range of two to three-millionths of a volt and is extremely sensitive to clear, sharp edges, or contours. A marked difference in the electrical energy picked up on the recording device is found when the image is sharply focused or blurred.

"We're able to determine what a person doesn't know he can't see," Dr. White said.

100% CORRECT

The regularity with which this has been indicated — that is, 100% correct in a year's testing of more than 30 subjects — indicates the brainwave recordings may serve as a new method in determining lens correction. This is especially true where standard optometric procedures are not feasible or possible.

This discovery was pure and simple serendipity," Dr. Harter said.

The two scientists were working on pattern recognition studies to improve information displays on Navy sensors such as radar and sonar when implications of the findings dropped in their laps, Dr. White continued.

Determination of vision defects has always been painstaking and dependent upon responses from the subject. The brainwave recording technique indicates it would be useful in testing even babies since the need for verbal responses and use of judgement on the part of the subject has been removed.

The technique of the computer is already used as a standard way of checking hearing. Tests at NELE have expanded the use of the computer to measure perception of all the senses, Dr. White said.

OTHER SENSES

This procedure would be especially adaptable to clinical use in testing hearing, vision and all other sensory reactions. However, Dr. White foresees the development, through miniaturization, of a "black box" as small as a sugar cube which could be taped to the head of a subject and used by an individual optometrist or ophthalmologist. Dr. White feels such a device could be developed for a few hundred dollars.

At the NELE laboratory where experiments are conducted, the subject is placed in a small, dark room equipped with a second-hand dental chair and a series of Rube-Goldberg-like contraptions, including an heirloom set of optical lenses. An electrode is strapped to the subject's head and attached to the computer, relaxing hi-fi music is turned on and the subject is placed in front of the stationary lens holder.

A black and white checkerboard image is flashed at short intervals and the evoked response is translated to the computer. The image is cleared or diffused by use

of various optical lenses. Without ever asking the subject what he sees when the image is flashed, Dr. White and Dr. Harter can determine when the image is most clear for the subject from the characteristics of the evoked responses measured by the computer. Thus, the degree of near or farsightedness is indicated.

The same procedure can be followed to pinpoint astigmatism. Instead of the checkerboard, a series of black

and white lines is projected and the degree to which they are clearest to the subject will be indicated on the computer.

VISION DEFECTS

Dr. White predicts the technique will be especially useful in early diagnosis of vision defects, such as amblyopia, in children. Amblyopia is a condition in which one eye is much stronger than the other.

"Under these circum-

stances, the nervous system has a bad habit of making conditions worse," Dr. White said. "The strong eye becomes stronger; the weak eye weaker."

If such a condition is found early, a patch placed over the strong eye forces the weak eye to work harder and the probability of future deterioration is diminished.

Members of the San Diego Chapter, Optical Society of America and the California Branch of

the American Academy of Optometry are enthusiastic about the future use for the White-Harter technique.

Dr. White and Dr. Harter have also discussed their research with local optometrists who have indicated great interest in the implications of the studies.

Lyndon B. Johnson had his first teaching assignment at Welhausen Elementary School, Cotulla, Tex.

Veterans retired from the Armed Forces for disability who have not filed a claim for compensation from the Veterans Administration were reminded by the VA recently that they may be losing money, according to Mort Webster, Manager of VA's Southern California Regional Office.

Many retired disabled veterans do not file claims for VA disability compensation because they mistakenly believe that they will lose all military re-

tirement benefits if they do.

This is not the case, according to the Veterans Administration.

Even though retirement pay and compensation can not be paid at the same time, the veteran has the right to elect whichever benefit is greater and may switch from one benefit to the other whenever it is to his advantage to do so. Retirement pay and election to receive VA disability compensation, he is still eligible for all basic re-

tirement benefits such as commissary privileges and dependent medical care.

Severely disabled enlisted men generally will receive greater financial benefit by electing VA compensation rather than retirement pay, and there are other benefits which retired disabled veterans who have not filed for VA compensation should consider, Webster pointed out.

Health Hints

The family which chooses a camping expedition for its summervacation is looking for rugged, informal living, and may be much less inclined than usual to be squeamish about personal cleanliness or cautious about personal safety. Yet there are some health and safety hazards associated with camping which ought not be ignored. Many of these potentially dangerous situations can be

avoided if you are aware of them, and some of the health threats which may develop can, if treated properly, be kept from becoming serious.

Among the things every camper should know:

Tetanus shots: Anyone who is active in the outdoors and comes in direct contact with soil runs the risk of a tetanus infection. This infection is more likely to develop in the small, penetrating,

(and therefore unnoticed) wound than in the large, open wound. Tetanus is completely preventable through immunization. If you have not had your complete series of three tetanus shots, do so before you set out for the wilderness. If you have had your series, be sure to get a booster shot if one is due. Boosters should be obtained every three to five years.

Ticks: This tiny, insect-like creature, found in brush and woods, attaches itself to persons and feeds on them. If the tick has previously fed on an infected animal, it may in turn infect its human host with Rocky

Mountain spotted fever, a disease which can be very serious. The important step in preventing this infection is to detect the tick and remove it as promptly as possible. This calls for careful inspection, since you may not feel the bite. You can, however, see the tick, particularly after it has started feeding and begins to swell up. Ticks should be removed with tweezers, never crushed. Since ticks burrow in with a clockwise motion (like a screw), they can be most easily removed by unscrewing them in a counter-clockwise motion. The coal of a cigarette held close (don't

burn yourself) often forces them to back themselves. Rinse hands and tweezers (if used) with alcohol afterwards, and disinfect the bite. If you didn't get the tick out early enough and become ill, get to a doctor as soon as possible. Antibiotics can be administered to treat the disease. Preventive vaccination is also possible.

Snake bites: Every camping family should take with it a snake bite kit, which has everything you will need for the first aid treatment of snake bites. Poisonous snakes are found in almost every part of the country, but

this is not as ominous as it sounds, because snakes are no fonder of people than people are of them. They will strike only if they are stepped on, handled, teased, or otherwise disturbed. If you don't have an emergency kit with you and are bitten: tie a flat bandage (not too narrow) firmly above the fang marks and keep it on until the victim gets to a doctor (loosen for one minute every fifteen minutes); make incisions through the fang marks so that blood will ooze; suck out the blood and venom and spit it out, keeping the suction treatment going for half an hour; see that the victim moves as little

as possible; get to a doctor for anti-snake-bite serum.

Swimming safety: Because you will be swimming in sites which are unfamiliar to you, you may run risks that would not threaten you on your favorite beach. Before diving in a new place, test the water for depth and for hidden logs or rocks. If you get caught in a strong current, don't try to fight it. Swim along with it, and, cutting diagonally across the current, head for the shore. Don't forget the safeguards which you observe while swimming at home: don't swim in water that is too cold, and don't swim immediately after a meal.

Sleeping bags: If your sleeping bag was cleaned at the end of last season and then stored, air it thoroughly before you use it. The solvent which is used in the commercial cleaning of this equipment clings to it for a long time, particularly if the bag is rolled up and stored. It can do damage both in direct contact with the skin and through inhalation. This chemical can readily be dispelled by airing.

Drinking water: If you camp where piped water is not available, stream or lake water should be boiled or treated with purification pills before drinking.

ROAD RACES - A full field of factory-supported C Production sports cars will be facing each other for the last time this year in Southern California at the Riverside Nationals, Sunday, Aug. 4.

Riverside To Host Nat'l Road Races

Last month's National Championship Road Races at Riverside Raceway that were hailed as a last-ditch showdown between the really serious competitors didn't prove anything at all.

Completely unseasonable rain washed out any chance for the head-to-head battle that will determine the favorites for National Championship honors.

Now on August 3rd and

4th the whole show will be staged again -- and this time there will be no tomorrow.

The battle for National Championship points that determine who will be invited to the American Road Race of Champions is going right down to the wire.

Competing will be a full slate of production sports cars, sedans, open-wheeled formula cars and the thundering modified or

sports racing cars. All of the factory teams that have been adding so much excitement to this year's racing will be on hand for one last crack at each other.

Tickets will be on sale at the gate for \$3.50, with children under twelve free. The Cal Club's usual policy of free parking and free grandstand seats will also be in effect for this exciting day of racing.

State Highway 1 leading to Big Sur in Monterey County is a spectacular road. On one side are jagged, upsoaring cliffs, on the other side, a great drop to the sea.

Pomona First Advances Two To VP Positions

The appointment of two vice presidents was announced today by Paul D. Walker, president of Pomona First Federal Savings and Loan Association.

William F. Montgomery, controller of the organization, has been with Pomona First Federal Savings for the past 13 years. He has lived in Claremont for 22 years. University of Minnesota and has done graduate work at Claremont Graduate School.

He and his wife Betty

Lee have one son. Granewich has 17 years of experience in the finance and accounting field. For the past 10 years he was financial vice president of Sterling Savings and Loan Association in Riverside. Before that, he was senior accountant of Peat, Marwick, Mitchell and Co. in Los Angeles for seven years. He is a graduate of the University of Southern California and is a CPA. He and his wife, Alice, have three children.

LOS ANGELES - Orwellian "1984" will be a little late.

It will be at least 2050 before computers will make man obsolete.

And it depends on how man plays his cards until then that will determine whether those electronic marvels will become a real Big Brother.

So says Dr. Alfred C. Ingersoll, dean of the University of Southern California School of Engineering.

He believes computers at present are "fast-counting slaves" which can do only what man tells them to do. But in the future, they could be telling man what to do.

Dean Ingersoll contends that computers eventually will think, do so faster and better than man, and never make the same mistake twice, which seems to be one of the prime human hang-ups.

Computers are being developed even now that

Computer Could Hamper Thinking-USC

can alter their own circuitry through dendritic growth," USC's Ingersoll says.

Moreover, development of electronic brain cells that can genuinely think is already under way. This is the first step in producing a computer that ultimately may reproduce itself.

Man had better be watchful and keep the key to the switches in his pocket if he wants to survive.

There is no question, he says, that man will be made obsolete by the computer in at least one sense: Homo Sapiens will be comparatively useless from the standpoint of doing ordinary daily work.

All the activities and achievements that have traditionally been associated with man will be the computer's "bag" in coming centuries. Computers will mine, produce, manufacture, design, and build. It is even con-

ceivable, Ingersoll adds, that they will hold sway over the political, social, economic, and even artistic-cultural scenes.

CO-EXISTENCE

"The best of all possible worlds," says the USC educator, "would be a sort of peaceful co-existence between man and the computers."

"The machines, in this kind of arrangement, would keep things running in the world, while men would pursue their particular interests--things which are now limited to leisure hours."

"It is predictable that when one man meets another in coming centuries and says 'what do you do?' he won't be asking what the individual does for a living, because no one will be working for a living. He'll get answers such as 'I'm a mountain climber,' or 'I paint,' or 'I'm a musician.'"

With this kind of man-computer world in store for the future, Ingersoll

recommends that mankind give a great deal of thought to creative development of leisure-time interests, in order to be prepared.

MAKE WAR

The worst that could happen to man would occur if the computers would make war on him, says the USC dean.

"With the level of efficiency computers can attain, there would be no contest."

"But there is nothing at this point to suggest that the computer will be hostile to man; and that's reassuring," he adds.

MENTAL SLOW-DOWN

A more disturbing possibility would be the fact that man's mental powers could become atrophied from lack of use--what with the computer doing all the work.

And that's where the necessity for man to plan ahead comes in, Ingersoll warns.

Meanwhile, between now and the time com-

puters rise to supremacy, what are the prospects?

Says Dean Ingersoll: "Development of computers will proceed at an accelerating rate."

"They will literally revolutionize everything from communications to running of a kitchen in the family home."

"And the day is coming in the not-too-distant future when every human being will carry a pocket-sized 'transceiver' with which he can communicate with central data banks. The system will make available to him virtually all the world's recorded knowledge."

"These are just some of the imminent innovations."

In the 15th century, if a newly signed seaman heard a sneeze at his left as he went aboard, he would jump ship, for he considered the voyage to be doomed. At sea, goblins were blamed for snarled running gear and ripped sails.

JAPAN IN CALIFORNIA -- A Japanese hostess feeds the rare black swans of Ube, Japan, at their home in Japanese Village and Deer Park in Buena Park. The swan lagoon is a small part of the brand-new addition opened to the public for the first time this month.

A million-gallon-lake with jewel-like islands, a colorful Japanese seal pool, a tea-house restaurant, and gift and camera shops are features of the expansion.

Over 300 gentle deer roam their paddocks at the only authentic Japanese deer park in the Western hemisphere. Gifts of pennants, rare fish and animals and artifacts from enthusiastic Japanese officials add to the aura of serenity and peace of this modern-day oasis, created by tourist magnate, Allen Parkinson. Mr. Parkinson's other attractions include the famous MovieLand Wax Museum and the Palace of Living Art, both in Buena Park.

Jaycees To Stage Festival

Young athletes from the greater Los Angeles area are invited to compete in a two-day sports festival for youth to be conducted by the Los Angeles Junior Chamber of Commerce on August 17 and 18, reports James E. Gilleran, President of the Junior Chamber.

Winners in the various events and those exhibiting outstanding sportsmanship will be invited to attend an expense-paid weekend camping seminar, at which they will not only enjoy outdoor living but at which they will attend various sessions aimed at solving some of the problems facing youth today. A total of 250 boys will be guests at the camp.

It is expected that 2500 boys, ages 13 to 18, will compete in track and field events, and basketball and volleyball team games. The sports festival will be held at Alvin LeRoy Locke High School, 325 E. 11th Street, and will be called the Watts Olympics.

Registration forms for individuals and teams are available at high school offices throughout the County, at All-Corner track meets, at Los Angeles City Recreation Centers, and from the Los Angeles Junior Chamber of Commerce. Deadline for receipt of entries by the Junior Chamber is August 1, 1968.

Make Sardine Salad

Menu first course in a proverbial rut? Try this novel salad. Ring an individual salad plate with sliced chilled cucumber. In the center arrange a bed of finely chopped lettuce leaves and top with 6 or 7 whole, drained Norway sardines. Garnish with criss-cross strips of red pimento and serve with your favorite home-made or store bought salad dressing.

VA estimates that six out of 10 veterans may need to change beneficiaries listed on their insurance policies.

Circus Brings Record Turnout

Ringling Bros. and Barnum & Bailey Circus, now through August 5th at the Forum in nearby Inglewood, is breaking all attendance records.

According to Irvin Feld, one of the new owners of the 98 year old entertainment institution, the response of the public to this year's edition of The Greatest Show On Earth has been overwhelming. The circus presents

two performances daily and three shows on Saturday. Children under 12 years of age are admitted at half price for all performances except Friday nights and week-ends. Tickets may be obtained as late as showtime at the Forum box office or at all Mutual ticket agencies and Wallich's Music City stores. From the Forum, the circus moves to the Anaheim Convention Center Arena on August 6th through 14th.

Heart Assoc. Urges Low Cholesterol Diet

Based on new recent findings on cholesterol, the American Heart Association is emphasizing again its recommendations to the public that it shift to a diet that lowers blood levels of cholesterol. This announcement was made locally this week by the Los Angeles County Heart Association, a chapter of AHA.

Recent studies apparently offer proof that a shift to a cholesterol-lowering diet cuts down the danger of both first-time and repeat heart attacks.

Dr. Paul Laren of Oslo, Norway, recently published results of a five-year study in which 206 male patients, who had recovered from a heart attack, were placed on a low-cholesterol diet. Another group of 206 patients—carefully matched for age and other factors—continued on their conventional Norwegian diets (abundant in saturated fats).

The findings: The cholesterol-lowering diet definitely reduced the incidence of heart attacks. There were 43 heart at-

tacks suffered by 34 patients in the special diet group. Ten died. In the other group, on their regular diet, 54 of the patients suffered 64 heart attacks, 23 of which proved fatal.

Another unexpected factor appeared too. In the group of men on the regular Norwegian diet, a significant number had attacks who were under the age of 60, which means that cholesterol-heavy diets significantly cause incidence of heart attack in men of all age groups. In other words, cholesterol-heavy diets can damage the younger heart as well as the old.

Dr. Laren made his findings known recently at a Heart Association symposium in the mid-west. Two local researchers, Dr. Seymour Dayton and Dr. Morton Pearce, have just completed similar tests, supporting Laren's conclusions. They used 800 patients at the Veterans' Hospital in Los Angeles in their tests. There were fewer deaths and fewer heart attacks in the low-cholesterol diets.

Table Setting Demonstrated At Broadway

The art of setting a beautiful table is just that...it's an art. Lennox, Inc., is presenting Miss Lorraine

Marquardt, a specialist in the art of creating lovely tables for formal and informal dining, at The Broadway Montclair, Friday, August 23.

Miss Marquardt, will be in the store's china department from 2:00 to 4:00 p.m. and plans two very differing tables for

eight guests as part of her presentation.

Two pieces of Lennox giftware will be given winners of a drawing to be held at 4:00 p.m. following the program.

There are more than 300 species of parrot in the world.

Pomona College Sets Conference On China Study

CLAREMONT, —Faculty and administrative representatives from 15 colleges across the nation will participate in an 11-day study conference on Chinese civilization at Pomona College, beginning July 21.

The purpose of the conference is to encourage colleges to develop programs in non-Western studies, according to Dr. Robert L. Fenn, chairman of the department of religion, Pomona College, and lay leader of the program.

The conference, sponsored by the Association of American Colleges, is one of three being held on college campuses this summer. A conference on Indian civilization will be conducted at Bennington College, Bennington, Vt., in August. Another conference on Islamic civilization has been tentatively scheduled, but definite arrangements have not been announced.

Colleges participating in the conference at Pomona College include the University of California, Berkeley; Mills College, Oakland; College of Saint Benedict, St. Joseph, Minn.; St. Cloud State College, St. Cloud, Minn.; St. John's University, Collegeville; North Park College, Chicago, Ill.; Blackburn College, Carlinville, Ill.; Culver-Stockton College, Canton, Mo.; Iowa Wesleyan College, Mount Pleasant, Iowa; Elmhurst College, Elmhurst, Ill.; Principia College, Elsah, Ill.; Illinois College, Jacksonville, Ill.; Whitman College, Walla Walla, Wash.; Columbia University, New York, N.Y., and the Mississippi Valley College Association, Chicago, Ill.

nature

Geese Police

One of the world's strangest police forces—a flock of geese—keeps sharp watch on Scotland's major export to the U.S.

These geese police, 80 goose-stepping guards led by a crusty gander called Mr. Ballantine, protect 30 million gallons of Scotland's very best Scotch whisky—enough to float the largest ocean liner.

Valued at \$990 million, the cache is one of the biggest in Scotland. It's stored in aging sheds of the Ballantine's Scotch distillery at Dumbarton, close by Loch Lomond whose famed waters are used in its making. If strangers approach, the gander starts a rumpus, and immediately the web-footed lassies join in. The terrifying noise alerts security guards.

Historically, geese have served man heroically. The sacred geese of the Temple of Diane saved ancient Rome from invading Gauls in 390 B.C. In modern warfare, posted as guards against night raids, they valiantly saved British troops fighting the Mau-Mau in Africa.

Tom Scott, Ballantine's head, calls his Goose Watch an ideal security force. "They keep prowlers out, trim the grass, lay eggs that we sell to raise money for charity—and never touch a drop," he explains with a canny smile. (NP Features)

FCC Rules

SCOTLAND NECK, N.C., COMMONWEALTH: "Ruling by the Federal Communications Commission that radio and television stations which accept cigarette advertising must give a significant amount of time to opponents of cigarettes to air their views is in every sense of the word an act of stupidity. . . . This is a dangerous ruling, and the trouble is that it represents the assumption of bureaucratic power which was never intended. If the FCC is permitted to take this stand on the advertising of cigarettes there is no telling what it will try to do next with respect to advertising."

Funds Aimed For Forest Improvement

An allocation of \$14,177 from the Fish and Game Propagation Fund will be used for 18 improvements in the Angeles National Forest which will benefit campers, hunters, and conservationists, following today's approval by the County Board of Supervisors.

The improvements which were recommended by the Los Angeles County Fish and Game Commission

will allow for construction of plant shelters for quail, provide an "edge" effect and forage for deer, and arrange for water collection and storage.

Other improvements include the eradication of weeds and removal of brush.

An additional \$15,000 has been earmarked by the Forestry Service from their budget to implement this project.

Ranger Districts to be improved include Valerimo, Saugus, Tujunga and Arroyo Seco.

The tallest building in England is the Post Office Tower. It is 582 feet high.

Valley Community Plans 2 Specials

"Sunday Evening Under The Stars" at Valley Community Drive-In Church will feature a second summer motion picture on Sunday, August 4. The film, "The Inn Of Sixth Happiness", will be shown in the Drive-In section of the Church located at Covina Blvd. and Lone Hill Ave. in San Dimas at 8 p.m.

This is the story of Britain's Gladys Aylward. Rejected by a missionary society, she went to China on her own. There she set up a mission in the farthest provinces of a backward country. Her exploits, including the win-

ning of a band of hostile mule-drivers, a powerful chieftain, and her courageous struggle to lead 100 children through a Japanese attack, provide a story of powerful charm and warmth. This film's dramatic, artistic, inspirational, and entertainment values are superior. This story of the heroic spirit and courage of the missionary will be a rewarding experience for all who see it.

Also on August 4 at 9:30 and 11 a.m., Rev. David Ray will begin a five-sermon series prompted by great questions asked by worship-

pers at Valley Church. His first subject is: "Why Must I Have Problems? Succeeding topics are "Why Do People Suffer?", "Why Am I On This Earth?", "Why Do People Worry?", and "Why Work When There's Welfare?" Valley Drive-In Church welcomes people of all faiths and backgrounds, also those with no church affiliation.

April Fools Day is thought to have originated in India as a time of playing practical jokes and was first observed in England in the 18th century.

Newborn babies born with dislocated hips sometimes need no more treatment than special diapering techniques, according to Orthopaedic Hospital specialists. More common in girls than boys, the condition, untreated, may lead to major surgery or cause arthritic problems. Parents can check an infant for dislocated hips by noting whether one leg is positioned differently or whether there are unmatched skin folds on infant's thighs and buttocks.

'My Son, The Collegian' Wins \$10,000 Scholarship

There aren't very many three-year-olds who already have the money for their future college education stashed away in the bank. But thanks to his mother's foresight, little Dennis Charles Agee of Hayward, California, is all set.

Mrs. Carl Agee entered her son's name in the second Annual College Scholarship Awards sweepstakes sponsored by Bayer Aspirin for Children and, much to her astonishment, walked off with the top prize of \$10,000.

The big check was personally presented to Dennis by J. Edward Newman of Glenbrook Laboratories, at a luncheon held in the lad's honor. Dennis seemed more excited over the prospect of being interviewed on a television news broadcast than by the size of the check.

Mrs. Agee said this was the first time she had ever entered a contest and did so on impulse while buying children's aspirin for her boy in her neighborhood drug store.

Dennis' father, a telephone company employee, was obviously very proud of "my son, the collegian," as he watched Dennis answer questions from TV and newspaper reporters with great aplomb.

Hotpoint in 1956 introduced the first roll-out refrigerator on wheels, and in 1960, developed and introduced the first refrigerator with space-gaining thin wall insulation.

Barnacles cannot attach themselves to objects moving more than two knots, so fouling of a hull usually occurs when a ship is in harbor.

L.A. Fair To Feature Public School Exhibit

POMONA - The amount of knowledge available to man has doubled in the last 20 years, and the Los Angeles County Fair will try to put this knowledge explosion on display in its public schools exhibit.

Projects of students from 60 county school districts have been tied

into the theme "The Education Explosion" by a committee of educators. Work shown is from kindergarten through the junior college and adult level.

Located under the exposition's grandstand, the display is divided into two sections, the first for

work from grammar, junior high and high school students. Projects in this section are further divided into seven areas of study: language arts, fine

arts, science, mathematics, social sciences, safety education and health - physical education.

More than a million visitors are expected to see the fair before it closes Sept. 29. Opening day is Sept. 13.

AREA MEN GO NORTH TO ALASKA -- Lt. Col. Donald L. Frisbie, right, commander of the 163rd Fighter Group, and Lt. Col. James S. Rohrer left, commander of the 196th Fighter-Interceptor Squadron look over route units F-102 aircraft will follow on deployment to Alaska. This is the first time since 1961 that the unit has left home base for field training. Over 700 officers and airmen of the group will participate in the two week deployment, Aug. 3-17.

Summer Chorale Closes Series

CLAREMONT. -- The Claremont Summer Session Chorale, with more than 50 voices under the direction of Robert Oliveira, will close the Summer Concert Series of The Claremont Colleges Tuesday, July 30, at 8:15 p. m. in Bridges Hall of Music. The public is invited without charge.

Although Oliveira has been living and working in France for more than 15 years, he is a graduate of Humboldt State College in California and holds an M. A. degree from Columbia University. He has had advanced study at the Conservatoire Nationale de Musique in Paris.

Since 1955 he has been teaching at the American High School in Paris.

Be a Weight Watcher.

learn how to lose weight and keep it off... with WEIGHT WATCHERS! T.M.

The World's Largest Weight Control Organization

T.M.

what is weight watchers?

Four years ago, a 214 pound fat woman lost 72 pounds and slipped into the first size 12 she'd ever been able to wear. It changed her life. Her name: Jean Nidetch... wife, mother of two sons... a stunning blond beauty. Jean knows full well the pain, the sorrow, the hopelessness of being fat. She has suffered the unkind remarks of thin friends. She has burned with envy at the svelte size sevens. She has hated herself, despised her lack of will power... her repeated failures. Time after time, Jean made herself promise to lose weight. Time after time, she let herself down. Then, at an obesity clinic, she learned for the first time a comfortable way to lose weight... and began to find she could keep her weight off when she shared her exciting new knowledge with a group of overweight friends. From weekly meetings in her living room, to a rented loft, to Weight Watchers International—which is living proof that overweight people can be slim.

Weight Watchers is an educational program designed to teach you how to eat sensibly. It's not a fad, a crash program or an exercise group. You take no pills or medication. It's not magic... except for the weight you lose. At Weight Watchers you learn new ways of eating and you learn them together with other overweight people in a friendly, helpful atmosphere. Hundreds of thousands of lost pounds prove it works! Many doctors, psychologists and nutrition experts give it their full approval... often take classes themselves. Your lecturer is a former "heavyweight"... trained by Jean Nidetch herself. At Weight Watchers you learn how to lose weight... and keep it off... forever! For Jean Nidetch quickly realized that only fat people can give other fat people the understanding and help they need. Jean Nidetch cares about other people. She believes that every fat person in the world can profit from her exciting results. Because of Jean Nidetch's dedication, Weight Watchers is an inspiring success story... now receives international acclaim... and the heartfelt thanks of thousands.

how does it work? When you join Weight Watchers, you join a series of classes. From the beginning, we set a realistic goal for you... and every week we keep tabs on your progress. You keep it up until you've reached your ideal figure. From then on you may go on "maintenance." The cost? Registration is just \$3... Weekly classes \$2... a fantastic bargain for a new way of life!

"JAMAICA" - Attracts thousands of summertime visitors to Padua Hills, north of Claremont. Named for Jamaica, the cool summertime drink of Mexico, it is a fiesta of music, games, and refreshments. After each theatre performance, the players move out to the patio, where their innate Mexican hospitality charms the audience into joining them in their fiesta. "Jamaica" season lasting through September 14 gives Southern Californians and their visitors a capsule visit to a Mexican village. Padua Hills is located on Padua Avenue, three miles north of Foothill Blvd. in Claremont. Padua Hills Theatre is a part of an hacienda-like complex of dining room, art, pottery and studio shops. The dining room is open daily except Mondays for luncheon and dinner. The stage players also entertain during meals. Reservations are not always necessary but are recommended for assured seating in both theatre and dining room. Reservations are taken at (714) 626-1288.

Gardeners Checklist

It would be hard to find a more useful family of shrubs for California gardens than the Cotoneasters. Their colorful berries, while not overwhelmingly spectacular provide a background that neither clashes with nor dominates other shrubs in the garden.

This is in sharp contrast to the Pyracanthas, where berries from a few go a long way in providing brilliant red colors to the winter garden. You could fill your garden with Cotoneasters without going overboard from the color standpoint.

One seldom appreciates this fact until he sees a mass planting of the Silver Leaf Cotoneaster in the fall. Then the massed red berries, attractively set off by the silver-gray foliage, give an autumnal tone that is unsurpassed.

Silver Leaf Cotoneaster makes a wonderful screen for lining a drive or marking the line between your property and the next. Its habit of growth is graceful and informal, with arching sprays of gray all year--with myriad berries in fall and winter.

Gray Leaf Cotoneaster would almost pass for the Silver Leaf variety, except that its overall size is smaller. It may be used where quarters are cramped. Whether massed for effect, or planted individually, this attractive lower-grower will please throughout the year.

The Red Cluster Berry (Cotoneaster parneyi) is an upright grower with large green leaves and larger than average red berries growing in clusters along the branches. The berries contrast richly with the deep green leaves, which, unlike the small-leaved Silver and Gray Cotoneasters, are some two inches long.

Normally, it will reach up to eight feet in an arching pattern which seems to be typical of the taller members of the family. The secret with the taller ones is careful pruning, or no pruning at all. Many gardeners make the mistake of shearing them into uninteresting shapes, totally unlike the natural form. Unless a formal hedge is desired, prune only to open-up the shrub, maintaining the arching form of the unpruned specimen.

The Cotoneaster family also includes varieties suitable for ground covers. Lowest of them all is the Bearberry Cotoneaster, an evergreen that hugs the ground and makes its way over rock or mound in a dense mat. Rock Cotoneaster and Rockspray Cotoneaster are also prostrate in their growth habit, but less so than the Bearberry variety. They will follow the ground contour if permitted to do so; and even in the lowest growing varieties the arching habit of growth is noticeable. Use them in a parkway planting for a pleasing effect.

A satisfying gardening experience is to top a retaining wall with the right plant. Without the proper planting, the wall tapers in the natural contour.

Also satisfying and attractive is using a living screen in conjunction with the wall to hide the unsightly from view -- or where the area beyond the wall is too much trouble to garden. In effect, the height of the wall is heightened by the plants, emphasizing the break in the contour, but in such a way that it becomes a beautiful end to itself, rather than an out-of-place and questionable focal point.

On most retaining walls, trailing plants are widely used. These serve to continue the flow of land from one elevation to another. As the California Association of Nurserymen points out, such plants are pleasing even in level gardens where they can be used in planters and tubs.

To achieve a colorful trailing effect, annuals such as Alyssum (white, pink, and purple), Lobelia, Portulaca and Petunias are widely used in the summer months. Catnip, a pleasantly-scented herb, with its gray foliage and bluish flowers; and Ivy Geraniums--in a wide color choice--are other durable wall topers.

The ground cover sections of C.A.N. nurseries will reveal cascading types which are well-suited for wall plantings. Trailing Gazanias and the trailing Periwinkles (Vinca major and minor) and several succulent-type covers are but a few possibilities.

Star Jasmine will spread and attractively tumble over and down a wall. Trailing Lantanas are in a group by themselves when it comes to blooming ability. Newer varieties with tempting colors are now available for planting.

There are other plants in addition to the above. A C.A.N. nurseryman can offer recommendations and advice on how to reach a plateau of perfection when it comes to landscaping a retaining wall.

State C of C Reports Calif. Economy Strong

Based on the latest California Economic Indicators released by the State Chamber, California's economy continues to look strong. Civilian employment was up slightly for the month of June, housing construction remained about the same and new car registrations were up.

In June 7.7 million people were employed which is a 100 thousand increase over May and a 3.3 per cent increase over a year ago. At the same time unemployment was up 48 thousand in June, but was

down 7.3 per cent over a year ago.

While there were 237 fewer dwellings constructed in May than in April (the latest period reported), construction was up 57.8 per cent over a year ago.

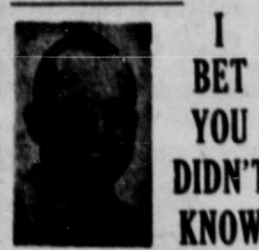

There were 2,366 more new cars registered in May than in April, and the 81,384 registered in May was a 16.5% increase over a year ago.

Personal income for Californians reached \$73.4 million for the first quarter of 1968 which is a 7.2% increase over the first quarter earnings reported for last year. Cash farm marketings were up 40.7% over a year ago and bank deposits for the 12th Federal Reserve District were up 21.9%.

California Economic Indicators is issued monthly as a service of the Economic Development and Research Department of the State Chamber.

A sponge about three feet across was found near Florida, and over 17,000 animals, and some fish, were found living in it.

SPORTS FANS!

by RON WHITE

Do you know how many times in history the Olympic games have been held in the United States? Answer is four... St. Louis had the 1904 summer Olympics... Los Angeles the 1932 summer Olympics... Lake Placid, N.Y., the 1932 winter Olympics and Squaw Valley, Calif., the 1960 winter Olympics.

It's not often when a rookie sets an all-time big league home run record, but Rudy York holds such a distinction... In 1937, York's rookie year, he hit 18 home runs in the month of August... No other major league player before or since has ever hit that many in one month.

Did you know that only one man in history has won the three top awards in baseball -- Most Valuable Player, Rookie of the Year and the Cy Young Best Pitcher Award... Can you name the only man who's won all three of these honors? Answer is Don Newcombe... He was voted Rookie of the Year in 1949, Most Valuable Player in 1956 and he got the Cy Young Award in 1956.

I bet you didn't know... Volvo has large 15" wheels with wide rims for better traction, road holding and tire life. A mechanism that locks the steering wheel firmly in place when you remove the ignition key. You might say the Volvo is thief proof. Get yours today at:

Dodgers-Pirates Play For Children's Drive

While time is short, southlanders still have an opportunity to support Kiwanis' annual drive to raise funds for crippled and underprivileged children and enjoy a major league baseball game in the process on Monday (Aug. 5) evening.

The contest is Kiwanis' 29th annual benefit game and will feature the Los Angeles Dodgers and the Pittsburgh Pirates in a regular National League battle.

Only funds from Kiwanis-sold tickets will be earmarked for the crippled and other youth projects conducted by the service group. It was pointed out by Hap Halligan, game chairman of the sponsoring Kiwanis Crippled Children Foundation.

Last minute orders for tickets at regular Dod-

ger Stadium box and reserved seat prices can be filled by members of some 150 southland Kiwanis clubs, or by calling the foundation ticket office at 272-3400.

Halligan noted that the need for funds is greater than ever before because of the rising costs of medical care and treatment and for orthopedic devices. He also reported that due to the state's recent budget cuts, parents of crippled children are being forced, in increasing numbers, to seek aid from other sources, such as Kiwanis.

In Monday night's pre-game ceremonies, several children being aided through Kiwanis will participate. "And when you see these youngsters," Halligan concluded, "you'll really be proud that you are playing a role in their rehabilitation."

Senior Citizens File

Only 40,000 senior citizens have filed claims for property tax refunds under the Senior Citizens Property Tax Assistance Law. If you are over 65, own your own home, and

your income was under \$3,350, you should file before August 31. For information, write Senior Citizens Property Tax Assistance, P. O. Box 1588, Sacramento, Calif. 95807.

Quick Biscuits

To make quick biscuits with candied-orange tops, dip one sugar tablet or two sugar cubes into orange juice and press into center of each biscuit before baking.

24 Help Wanted Male

NOTICE: Many listings in the "male" or "female" columns are not intended to exclude or discharge application from persons of the other sex. Such listings are for the convenience of readers because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment because of sex is prohibited by 1964 Federal Civil Rights Act with certain exceptions (and by the law of California). Employment agencies and employers covered by the Act must indicate in their advertisement whether or not the listed positions are available to both sexes.

CHECKERBOARD -- Checkerboard carpeting adds extra touch to family room and kitchen in three-bedroom "Granada" model home at Diamond Head, the new 500-home R.A. Watt Company residential community in Diamond Bar. Three and four-bed-

room, one and two-story homes are priced from \$22,500 to \$26,500 in four diversified plans and 15 elevations. Furnished models, featuring interior design, decoration and color coordination by John Barraclough, are open daily from 10 a.m. to dark.

"Hard To Place" Find Jobs At Department Of Employment

A 71-year-old book-keeper was placed on a permanent part-time job at \$2.35 an hour.

A 47-year-old navy retiree who had been out of work for almost a year is now working as a stock clerk at \$445 a month.

A young epileptic with a numb left arm was hired as a shelving aide in a county library, being selected over several more physically able candidates.

A 52-year-old mother

of nine is working full-time as a nurse's aide in a new convalescent hospital after completing an eight-week course under the Manpower Development and Training act.

A 19-year-old Negro, jobless since graduation from high school the year previous, discouraged, was referred by the Employment Service to the Operating Engineers Apprenticeship program.

Young, old, handicapped, troubled, disadvantaged -- they're all among what Director of Employment Peter Weinberger calls the "hard to place" job applicants which the California State Employment Service, "somehow, through the perseverance of counselors, older-worker specialists, minority employment, youth and a host of other specialists man-ages, with the help of

cooperative employers, to place in jobs.

Nor are all applicants served by the California State Employment Service disadvantaged economically. Weinberger said, citing from the many reports that cross his desk daily the case of a 17-year-old young man "who appears to have many advantages and a lot going for him."

The report described a "nice looking, tall, neatly groomed, above average intelligence" youth with no apparent financial problem at home, but with a serious adjustment problem stemming from a poor family relationship.

He was kicked out of regular school, subsequently bounced twice from continuation school, then finally gave up because he was "simply bored and couldn't care less."

His initial contact with a Youth Opportunity Center was for the purpose of signing up for the Job Corps.

He does not get along with his parents at all, particularly his father, and tries to do things of which he is sure his father would not approve. He has no interest in school, a job, or anything considered constructive.

He has been arrested on various violations of the law. Many of his acts were contemplated to "bug" his father.

His principal concern at this time seems to be getting away from parental influence. He was interviewed for Job Corps and is awaiting acceptance.

"Hopefully," Weinberger said, "a new environment and continued counseling will help this young man. Perhaps he will find himself, readjust, and plan a meaningful future."

NEW AIRLINE TAKES OFF—Desert Commuter Airline is officially launched by movie-TV star David Janssen (Left), a director of the new company, and Hal C. Conners, president. Daily flight schedules are now in full swing between ocean-front Santa Monica and Palm Springs, Calif. Desert Commuter Airline is operating shuttle fleet of Aero Commander and Beech D-18-S aircraft flown by nine airline-trained "Million Miler" pilots.

BUYERS WAITING!

As the result of our seven full pages of advertising, over 500 buyers contact our offices each week. Due to this tremendous activity, we have hundreds of qualified buyers waiting for the "right" property for their family, or for an investment. As a regular feature of our full pages, we list a few of our "Buyers Waiting" each week. If you are planning to sell, or are having difficulty in selling, please call our office nearest you. We will be glad to give you our estimate of market value and explain our sales program.
